To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

ACCOUNT, No. 15

SIR,—Under the orders of His Excellency the Governor in Council I have the honour to forward, for the sanction

of the Government of India, the revised Imperial Budget Estimate of the Public Works Department for the year 1871-72.

2 Paragraph 7 of your Circular seems to require the entry in the Imperial Public Works Budget of the proposals relating to Local Fund Expenditure by Public Works Officers, but as, by paragraph 18 of the Financial Resolution of the Government of India, No. 3,334, dated 14th December 1870, upon which your Circular is based, the submission of a distinct Budget to include both Provincial and Local Funds is clearly prescribed, and as, on this occasion at least, it is found impracticable to determine, in time for the Imperial Budget, the appropriations that can be made from each of these sources under the various heads of service for the ensuing year, this Government have no alternative but to submit the Imperial Budget in its present form.

3. The Imperial grant for Madras, excluding the estimated State Outlay on Guaranteed Railways, is Rupees 51,50,000, which the Government of India, in their Circulars Nos. 61 and 75 of 1870, have distributed as follows, but which His Excellency in Council proposes to modify as noted against each head of service —

| Head of Service         | Grant as distributed by the Government of India | Grant as distributed in accompanying Budget | Increase | Decrease |

4 As regards the transfer of Rupees 1,00,000 from the allotment for "Agricultural" to the head of Establishments "Ordinary," and the diminution of the allotment for "Extraordinary Agricultural" by Rupees 1,55,000, I am to invite attention to paragraphs 3 and 4 of my letter, No 3,045, dated 15th December 1870.

5. The Public Works allotment, as modified by this Government, added to the estimated State outlay on Guaranteed Railways, namely, Rupees 2,72,000, amounts in the aggregate to Rupees 52,67,000 which will be found distributed in the accompanying Budget as shown in the following statement —

6. Under Military, the grant for Major Works for 1871-72 falls short of the current year's Budget assignment by Rupees 1,10,000. This is explained in paragraph 8 of my letter of the 15th December 1870. The appropriations to Major Works under "Civil Buildings," aggregating Rupees 1,26,000, are those specifically ordered by the Government of India for Postal and Telegraph buildings. Under "Agricultural Ordinary," the allotments for Major Works amount in all to Rupees 1,19,200, which is in excess of the Budget provision for the current year by Rupees 54,000. The appropriations to Extraordinary Agricultural Works aggregate Rupees 15,75,000.

7. The grant for Minor Works, Imperial, for the ensuing year is Rupees 2,35,000, *vide* paragraphs 21 and 23 of my letter of the 15th December 1870.

8 Under Repairs, Imperial, the aggregate Budget provision for 1871-72 is Rupees 14,24,000, distributed amongst the several districts as noted in the following abstract.—

FEBRUARY

No. 191

FORWARDING for sanction the revised  
Imperial Budget Estimate of the Public  
Works Department for the year 1871-72.

No 390.

The Secretary to the  
Govt. of India.

Sir,

Under the orders of His  
Excellency the Governor in  
Council I have the honor to  
forward, for the sanction  
of the Govt. of India, the  
revised Imperial Budget  
Estimate of the Public Works  
Dept. for the year 1871-72.

2. Para 7 of your Circular  
seems to require the entry in  
the Imperial Public Works  
Budget of the proposals

relating to Local Fund Ex-  
penditure by Public Works  
Officers, but as, by para  
18 of the Financial Resolu-  
tion of the Govt of India No 3340  
dated 14<sup>th</sup> Decr 70, upon  
which your Circular is  
based the submission of a  
distinct Budget to include  
both Provincial and Local  
Funds, is clearly prescribed,  
and as, on this occasion at  
least, it is found impractic-  
able to determine in  
time for the Imperial Bud-  
get, the appropriations that  
can be made from each  
of these sources under the  
various heads of service

2  
for the ensuing year, the  
Govt. have no alternative  
but to submit the Imperial  
Budget in its present form.

The Imperial grant for  
Madras excluding the estimated  
State Outlay on Guaranteed  
Railways is Rs. 51,50,000  
which the Govt. of India, in  
their Circulars Nos 61 and 75  
of 1870, have distributed  
as follows, but which  
His Excellency in Coun-  
cil proposes to modify  
as noted against each  
head of service:-

Under Military, the grant for Major Works for 1871-72 falls short of the current year's Budget apportionment by Rs. 1,10,000. This is explained in para 8 of my letter of the 15<sup>th</sup> December 1870. The appropriations to Major Works under Civil Building aggregating Rs. 1,26,000 are those specifically ordered by the Govt. of India for Postal and Telegraph Buildings. Under Agricultural Ordinary, the allotments for Major Works amount in all to Rs. 1,19,200, which is in excess of the Budget provision for the current year by Rs. 54,000. The appropriations for Extraordinary Agricultural Works aggregate Rs. 15,75,000.

The grant for Minor Works, Imperial, for the ensuing year is Rs. 2,35,000. Vide Paras 21 and 23 of my letter of the 15<sup>th</sup> Decr.

Under Repairs, Imperial, the aggregate Budget provision for 1871/72 is Rs. 14,24,000, distributed amongst the several Districts as follows in the following Abstract:
