*Proceedings of the Madras Government, Public Works Department,
9th February 1871.*

No. 226. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 30th January 1871, No. 4,371 :—

In the current year's Imperial Budget a grant of Rupees 2,00,000 has been provided for expenditure on the Chembrumbaukum Tank Project as an "Extraordinary" work. But, by the Government Orders marginally noted, the work having been transferred to the head "Ordinary," no outlay was incurred on the above grant.

2. It was my impression that Government would themselves have ere long utilized the grant by transferring it to "Extraordinary" Agricultural Works in the other divisions; but, as this has not been done as yet, and as the official year is fast closing, I have the honour to request that the above grant, Rupees 2,00,000, may be held at the disposal of Government.

No. 227. ORDER THEREON, 9th February 1871, No. 409.

IRRIGATION, No. 6.

ORDERED to be recorded.

Sir,

In the current year's Imperial Budget a grant of Rs. 2,00,000 has been provided for expenditure on the Chembrumbaukum Tank Project, as an "Extraordinary" work. 2 It was my impression that Government would themselves have ere long utilized the grant by transferring it to Extraordinary agricultural works in the other divisions, but as this has not been done, as yet, and as the Official year is fast closing, I have the honor to request that the above grant Rs. 2,00,000 may be held at the disposal of Government.

I have the honor to be
