*Proceedings of the Madras Government, Public Works Department,
10th February 1871.*

No. 265. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Koilgoontla, Kurnool, 23rd January 1871, No. 2,139 —

I HAVE the honour to again request the orders of Government in respect to Mr. Overseer Day, at present on sick leave, as to whether any further extension of leave can be allowed him.

2. Mr. Day, as stated in my letter, paragraph 2, printed with G. O., No. 2,331, dated 27th September last, fell ill on the 26th March preceding, but was not relieved of his duties until the 21st April 1870, from which date up to the 20th January 1871 he has had leave on medical certificate. Mr. Day now applies for a further extension of four months' leave, but as he does not submit a medical certificate, he will be called upon to do so; but what I wish to bring to the notice of Government is, that I am aware that Mr. Day will never again be fit for the active duties of a talook, and that he is either past or close upon 55 years of age, and I do not therefore think that, under these circumstances, I can be recommending Mr. Day for extensions of sick leave, and keep him on the strength of the department to the detriment of the talook to which he has been posted.

3. I may observe that Mr. Day's first appointment to the department dates from the 9th February 1858.

No. 266. ORDER THEREON, 10th February 1871, No. 428.

ESTABLISHMENT, No. 24.

THE Government are of opinion that if Mr. Overseer Day, who it is observed is a Military Pensioner, be no longer equal to the active duties of the department, an application in due form for the gratuity to which he may be entitled under the rules should be submitted. His service in the department does not appear to be sufficient to entitle him to pension.
