MADRAS RECORD OFFICE.

Government of Madras.

Public works **DEPARTMENT.**

G.O. No. 436-37 Press ~~Misc.~~

286-88

Dated 11 2 1871.

Not to be folded or roughly handled

No. 286. Read the following letter from the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Public Works Department, dated Madras, 20th December 1870, No. 107:—

I HAVE the honour to submit, for the information of Government, half yearly Revenue Accounts* of the Madras Irrigation and Canal Company from 1st July 1863 to 31st December 1869.

* To be returned when no longer required

2. These accounts have been prepared in accordance with Article 8 of the Supplemental Contract dated 2nd October 1866 and with the orders of the Government of India as per margin, and they are computed to the 30th of June and 31st December of each year. It will be observed that in consequence of this arrangement the profit is usually in the half year ending 30th June, and that up to the present time there has been a loss in each half year ending 31st December, and this state of things will necessarily continue as the demand for Irrigation Revenue, which forms the bulk of the receipts, is made in the first half of the Calendar year. On the whole period to 31st December 1869 there is a balance to credit of Revenue amounting to Rupees 20,024-13-3, and which, in accordance with Clause 9 of the Supplemental Agreement dated 2nd October 1866, should be remitted to London in part liquidation of the interest which shall appear due by the "Madras Irrigation and Canal Company's interest on Loan Account" to be kept by the Secretary of State under Clause 6 of the Supplemental Agreement.

Paragraph 1 of the letter from the Government of India, No 90-A. I, dated 18th May 1869, printed in the Order of this Government, No 1,873, dated 9th June 1869.

3. In strict accordance with the wording of this Clause No. 9 the balance of revenue at credit of each half year should be remitted home. As, however, a literal compliance with the agreement in this particular would leave the Company without any means of paying the Conservancy Establishment and other authorized charges for the second half of each Calendar year, it seems to me that practically it will be necessary to make the Revenue remittance to London annually instead of half yearly, that is, some time after the 31st December of each year.

Abstract of the Half Yearly Revenue Accounts from December 1863 to December 1869

Exd. A. S. Rodgers.

PUBLIC WORKS DEPARTMENT,
FORT ST. GEORGE, 11*th February* 1871.

No 288.

No. 437.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT

IRRIGATION, No. 11.

SIR,—With reference to Clause 8 of the Supplemental Contract of the Madras Irrigation and Canal Company, under date the 2nd October 1866, and paragraph 1 of the orders of the Government of India, dated 18th May 1869, No. 90-A. I, I am directed by His Excellency the Governor in Council to forward the accompanying letter from the Consulting Engineer, giving cover to the half yearly Revenue Accounts of the Company from 1st July 1863 to 31st December 1869.

2. It will be observed that the net balance to credit of Revenue on the 31st December 1869 is Rupees 20,024-13-3, which, under Clause 9 of the Agreement in question, should be remitted to the Home Government towards the liquidation of the interest due on the Loan Account to be kept by the Secretary of State under Clause 6. In strict compliance with the wording of Clause 9 the balance of Revenue at credit of each half year should be sent to the Home Government; but, by so doing, the Company, owing to the chief portion of its profits, consisting of Irrigation Revenue, being realized in the first half of the year, would be deprived of the means of defraying all authorized charges during the second half. Under these circumstances the Consulting Engineer is of opinion that practically the Revenue remittance to London will be made annually instead of half yearly.

3. In requesting the sanction of the Government of India to this arrangement as a temporary measure, I am directed to ascertain whether future Revenue returns of the nature of that now transmitted should be forwarded to the Government of India or to the Secretary of State.

I have the honour to be,
Sir,
Your most obedient servant,

Colonel, R. E,

Secretary to Government.

Exd A S Rodgers.

December

Consulting Engineer's Office
Irrigation and Canal Co.
Madras 20th December 1870.

No. 107

From

Colonel J. Carpendale R.E.
Consulting Engineer I. & C. Co.

To

Colonel C. A. Orr R.E.
Secretary to Government P.W.D.

Sir,

I have the honor to submit for the information of Government half yearly revenue accounts of the Madras Irrigation and Canal Company from 1st July 1869 to 31st December 1869.—

2. These accounts have been prepared in accordance with article 8 of the supplemental contract dated 2nd October 1866, and with the orders of the Government of India as per margin and they are computed to the 30th of June and 31st December of each year. It will be observed that in consequence of this arrangement the profit is usually in the half year ending 30th June, and that up to the present time there has been a loss in each half year ending 31st December, and this state of things will necessarily continue as the demand for Irrigation Revenue, which forms the bulk of the receipts, is made in the first half of the Calendar year. On the whole period to 31st December

* be returned when no longer required.

Para. 1 of the letter from the Govt. of India No. 90 A.-I.-7 dated 7th May 1869 granted the Order of this Govt. No. 1873 dated 7th June 1869.—

December 1869 there is a balance to credit of Revenue amounting to Rupees 20,024-13-3 and which in accordance with Clause 9 of the supplemental agreement dated 2nd October 1866 should be remitted to London in part liquidation of the interest which shall appear due by the "Madras Irrigation and Canal Company's interest on "Loan Account" to be kept by the Secretary of State under Clause 6 of the supplemental agreement.—

3 In strict accordance with the wording of this Clause No 9 the balance of Revenue at credit of each half year should be remitted home-as however a literal compliance with the agreement in this particular would leave the Company without any means of paying the Conservancy Establishment and other authorized charges for the 2nd half of each Calendar year, it seems to me that practially it will be necessary to make the Revenue remittance to London annually, instead of half yearly that is some time after the 31st December of each year.

I have the honor to be
Sir,
Your most obedient servant
J. Stevens Colonel R.E.
Consulting Engineer M.I.C.Co.
