*Proceedings of the Madras Government, Public Works Department,  
11th February 1871.*

No. 289. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 27th January 1871, No. 2,327:—

THE Government having in pursuance of the Public Works Notification of the Government of India, No. 341, dated the 7th October 1870, graded the Deputy Consulting Engineer for Railways as an Executive Engineer of the 1st grade, and it having been declared that the new rates of pay fixed in that Notification for the Engineer Establishment of the Department shall have effect from the 1st September last, I have the honour to submit the case of Captain C. J. Smith, R E, for the consideration and orders of His Excellency the Governor in Council.

2. Captain Smith was appointed to act as Deputy Consulting Engineer for Railways on the 20th\* April 1870, and was confirmed in that post on the 10th† January 1871, with effect‡ from the 15th October 1870. During the period for

which he officiated in the higher appointment, Captain Smith drew Rupees 893-10-0 as follows:—

|                                                                     | RS. | A. | P. |
|---------------------------------------------------------------------|-----|----|----|
| Staff Pay of Executive Engineer, 2nd Grade                          | 500 | 0  | 0  |
| Deputation allowance as Acting Deputy Consulting Engineer . . . . . | 100 | 0  | 0  |
|                                                                     | 600 | 0  | 0  |
| Military allowances as Captain . . . . .                            | 293 | 10 | 0  |
|                                                                     | 893 | 10 | 0  |

3. Owing, however, to the appointment of Deputy Consulting Engineer having been graded, as shown above, Captain Smith, as an Executive Engineer of the 2nd Grade, was not entitled to deputation allowance after the 1st September 1870, while acting in the higher appointment, temporary promotion from one grade to another in the same class being inadmissible, but as the orders of the Government of India quoted in paragraph 1 were not promulgated till the 25th October, Captain Smith had actually passed to him for September, and from the 1st to the 14th October, the same deputation allowance as he drew in previous months. Captain Smith has elected the new rules in respect of salary, and as those rules fix the consolidated pay of an Executive Engineer of the 2nd Grade at Rupees 800, I request the orders of Government as to whether the difference between that amount and the pay and allowances (Rupees 893-10-0) passed to Captain Smith from the 1st September to the 14th October 1870 inclusive should now be recovered, or whether, under the peculiar circumstances of his case, the retrenchment need not be enforced.
