No. 437. Read the following letter from the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 14th February 1871, No. 71.—

WITH reference to G. O., No. 430, of the 10th instant, I have the honour to explain that the actual estimate "for re-building the pier and for protective works for the bridge at 163rd mile on the North-West Line of the Madras Railway" amounted to Rupees 1,093, of which Rupees 790 are charged to Capital, as the cost of providing an additional vent with flooring and curtain walls to the former single 12-feet opening, and the balance, Rupees 303, is charged to Revenue on account of the restoration of the damaged work. In the schedule for December the work is not correctly described, but should have been entered rather, thus, "Estimate for adding protective works to the bridge, etc."

No. 438. ORDER THEREON, 20th February 1871, No. 513.

RAILWAY, No. 61.

ORDERED that this letter be forwarded to the Government of India.
