*Proceedings of the Madras Government, Public Works Department,
21st February 1871.*

No. 443. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 6th February 1871, No. 2,238.—

I HAVE the honour to forward, for the orders of Government, the enclosed letter* from the Executive Engineer Mr. W. Fraser, C E, in charge of Kurnool Range, representing the difficulty he experiences in getting a Draughtsman who has passed the necessary test for a second-class certificate for the vacant appointment on Rupees 40 in his office.

2. While fully concurring in all that Mr. Fraser advances in reference to his Range, I may add that, when the appointment of Draughtsman becomes vacant in any of the other Ranges also, it is with difficulty I can find passed men for the vacancies; and besides this vacancy in the Kurnool Range Office, I have been unable to find a man for the Cuddapah Range, which is without a proper Draughtsman, for some months; I therefore beg to recommend that permission be given for the entertainment of unpassed men who are found to be otherwise competent on the full salary subject to their passing the necessary examination in twelve months.

3. It is absolutely necessary that some relaxation of the rule should be made, as the progress of some important drawings, etc., is being seriously impeded.

No. 444. ORDER THEREON, 21st February 1871, No 516.

ESTABLISHMENT, No. 31.

In consideration of the difficulty which is represented to be experienced in the 3rd Division in obtaining the services of Draughtsmen who have obtained the requisite certificates of qualification, His Excellency the Governor in Council is pleased to authorize the employment of candidates for such appointments who may be found duly qualified, on the condition of their passing the prescribed examination within twelve months.
