*Proceedings of the Madras Government, Public Works Department,
23rd February 1871.*

No. 473. Read the following Endorsement of the Superintending Engineer, 3rd Division, dated Bellary, 15th February 1871, No 2,357.—
From the Supervisor in charge of Nundial Range, to the Superintending Engineer, 3rd Division, dated Camp at Deepagoontla, 10th February 1871, No 809.
HAvING been called upon to submit an explanation on your letter to the Secretary to Government, Public Works Department, No. 2,220, of 3rd February 1871, I beg to state as follows

2 An estimate for the repairs of the Alamoore tank in the Nundial Talook, amounting to Rupees 1,910, was submitted by the Overseer of Nundial Talook on 16th September 1870, but as it contained certain items which I did not approve of, I thought it advisable to inspect the tank myself, which I did on 11th October 1870, when I ordered the Overseer to revise his estimate according to certain directions I had given him. His revised estimate for Rupees 1,860 was submitted on 27th October 1870. In the meantime in your docket, No 1,470, of 5th October 1870, I was called upon to submit certain emergent repair estimates for irrigation works, five in number, according to the Collector's request, and in your docket, No 1,302, of 9th September 1870, I was informed that any amount required for carrying out emergent repairs to irrigation works other than those already sanctioned, must be met from the grants made on account of Agricultural Works, in which case I was directed to submit a statement, showing the sums proposed to be utilized, for the necessary appropriation in your office.

3 The estimates for the works called for in your docket, No. 1,470, of 5th October 1870, were not forwarded by the Overseer till 27th October 1870 and 19th December 1870, and so all the emergent estimates and statement called for in docket, No 1,302, of 9th September 1870, were forwarded by me on 26th and 27th December 1870. Further, on 27th October 1870, when the revised estimate for the Alamoore tank was submitted by the Overseer, I was not then in a position to state what sum would be required for all the emergent estimates called for by the Collector* till I had received finally all the estimates, which I did on 19th December 1870, and they were accordingly submitted to your office on 26th and 27th December 1870.

SUBMITTED to Government with reference to this office letter, No 2,220, dated 3rd instant.

(Signed) A. S. MOBERLY, Lieut-Colonel, R E.,
Superintending Engineer, 3rd Division.

No. 474. ORDER THEREON, 23rd February 1871, No. 531.

IRRIGATION, No 29

ORDERED to be recorded.

P. 809. Medical Range Office
Camp Deepagoottah
10th February 1871.

The Superintending Engineer
3rd Division

Sir Having been called upon to
submit an explanation of your
letter to the Secretary to Government,
Public Works Department, No. 2220
of 3 February 1871, I beg to state
yours

2nd. An Estimate for the repairs of the Alamoos Tank in the Mendocino Saline surrounding to Refuse 1910 was submitted by the Overseer of Mendocino Saline on 16 September 1870, but as it contained certain items which I did not approve of, I thought it advisable to inspect the Tank myself, which I did on 11 October 1870, when I ordered the Overseer to revise his Estimate according to certain directions I had

given him; his revised Estimate for
Repairs 1860 was submitted on 27 October
1870; in the mean time in your closet.
At 1470 of 5 October 1870 I was called
upon to submit certain Emergent
Repairs Estimates for Irrigation Works,
given in number, according to the Coll. to's
request, and in your Wocket. #1302
of 9 September 1870 I was informed
that any amount required for carrying
out Emergent Repairs to Irrigation Works
other than those already sanctioned, must
be sent from the grants issued on account
of Agricultural works, in which case
I was directed to submit a Statement
showing the sums proposed to be utilized
for the necessary appropriation in your
Office.

3rd The Estimates for the works called
for in your Wocket. #1470 of 5 October 1870
were not forwarded by the ^{same} till 27 October 1870
and 19th December 1870, and so all the
Emergent Estimates exist. Statement called
for in Wocket. #1302 of 9 September 1870
were forwarded by me on 25 and 27 December 1870;
further on 27 October 1870 when the revised
Estimate for the Alamogordo Tank was
submitted by the Overseer, I was not then
in a position to state what sum

+ including the me
for the Alamogordo
Tank

would be required for all the Emergent
Estimates called for by the Collector till I
has received finally all the Estimates
which I did on 19 December 1870, and
they were accordingly submitted to your
Office on 25 and 27 December 1870.

I beg to remain
Sir

Your most Obedient Servant
Geo. W. Warden Supervisor
In charge of San Jacinto Range
