*Proceedings of the Madras Government, Public Works Department,
24th February 1871.*

No. 485. Read the following letter from Major J. F. FISCHER, R. E., Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 6th February 1871, No 3,731 —

As Mr Rundall is about to leave the district, he has offered his boat for sale for Rupees 900, and I beg to recommend the purchase of it by Government, for the use of the officers attached to this district, for favourable consideration.

2 The boat is private property, in thorough repair, and of the first class canal boats to build such a boat in the workshops would probably cost Rupees 1,500.

3 If purchase should be sanctioned, I beg to add that funds can be provided for payment in the next official year from the allotment for "Tools and Plant."

No. 486. ORDER THEREON, 24th February 1871, No. 538.

ACCOUNT, No. 46.

THE Government sanction the purchase of the Range boat referred to in this letter from the Acting Superintending Engineer of the 1st Division.

2. Should there be any balance available from the allotment for "Tools and Plant" near the end of the current official year, the amount which may so be at the Acting Superintending Engineer's disposal may, after providing for more important demands, be made use of for the purchase of the boat, and the balance which may remain due at the end of the year should be included in Major Fischer's estimate of the requirements of the division for the purchase of Tools and Plant in 1871-72.

To

Colonel C. A. Orr P. E.
Secretary to Government
Madras

Sir,

As Mr. Randall, who is in charge
of the District, he has offered his boat for sale for
Rs. 900, and they recommend the purchase of it
by Government, for the use of the officers attached
to this District, for favorable consideration.

2 The boat is private property, in shoddy
condition, and of the 1st class Canal boats. To
build such a boat in the Workshops, would pro-
bably cost Rs. 1,500

3 If purchase should be sanctioned

The extra, funds can be provided for payment in
the next official year from the allotment
for Tools and Plans.

I have the honor to be

Ground

The Govt. is aware of the fact that
the boat is a very important one in the
department and it is necessary to have
it in good order. It is therefore
proposed to purchase a new boat
for the purpose of carrying out the
work of the department. The
cost of the boat is estimated at
Rs. 14/2. The Govt. is
willing to purchase the boat
for the purpose of carrying out the
work of the department.
