*Proceedings of the Madras Government, Public Works Department,
24th February 1871.*

No. 495. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Mangalore, 11th February 1871, No. 225 :—

With reference to paragraph 8 of G O, No. 31, of 7th January 1871, I have the honour to request that an allotment of Rupees 216 may be made if possible this year, under the head of "Tools and Plant," to enable me to transfer the carts and bullocks employed in the Mangalore Range from the head of "Stock" to the head of "Tools and Plant," or, if funds are not available this year, that I may be permitted to carry out the transfer in April 1871 from the funds provided under "Tools and Plant" in the Budget of 1871-72.

2 The carts and bullocks alluded to are those for which estimates of Rupees 1,200 were submitted with my predecessor's letter, printed with G. O., No 3,744, of 2nd December 1867. They were purchased, as noted in paragraph 3 of Colonel Walker's letter, for use on District Road Fund Works on the Moodbidaree and Beltangady, and Moodbiddaree and Buntwal roads, the important portions of which have now all been completed, the carts and bullocks may therefore be retained as Imperial plant, as they can be employed for general works of the Range; their value has been reduced to the present sum of Rupees 216 by recoveries of outturn made from time to time from their original cost of Rs. 1,200.

No. 496. ORDER THEREON, 24th February 1871, No. 543.

ACCOUNT, No. 49.

* G O, No 31, dated 7th January 1871.

In a report* dated 8th December 1870, of his inspection of the Mangalore Range Accounts, the Deputy Controller of Public Works Accounts suggested that the head "Stock" should be relieved of a sum of Rupees 215-6-2, now standing to its debit on account of carts and bullocks purchased in 1867, by the transfer of the amount to "Tools and Plant." To effect this adjustment, the Acting Superintending Engineer applies for the requisite funds.

2. Observing that out of an allotment of Rupees 1,800 for Tools and Plant in Madura only Rupees 977 were expended up to the end of December 1870, His Excellency the Governor in Council resolves to direct the transfer of Rupees 216 from that allotment to supplement the grant for South Canara under the same head, and Captain Ryves will arrange to restrict his expenditure to the reduced grant.
