No. 509. Read the following Endorsement of the Acting Consulting Engineer for Railways, dated Madras, 14th February 1871, No. 72 —

From the Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 13th February 1871, No. 101.

ADVERTING to G. O , No. 312, dated the 1st instant, I have the honour to inform you that, in accordance with the wishes of his Excellency the Governor in Council, I have nominated Mr. Beresford Anderson to act for Mr Going on the Commission appointed to examine the foundations of bridges on this Railway

2. Mr Anderson, however, begs me to point out that he has just at present unusually great demands upon his time, as every effort is being made to complete the North-west Line at an early date, and he is unfortunately deprived of the assistance of his Deputy on Construction (Mr. Going) and consequently has to give more attention than usual to matters of detail. His object in making these remarks is to have it understood how difficult it will be for him to give to the important work of the Commission the amount of time it will require, and which it would be his desire to devote to it.

3. At the same time we are fully alive to the importance of conducting the inquiry ordered by Government without delay, and the necessity for the nomination of Mr. Anderson as a member of the Commission is fully recognized, and the District Engineers have been instructed to make the preliminary arrangements in view to the examination being carried out at the earliest possible date.

SUBMITTED for the information of Government.

Sir,

1. Adverting to G. O. No. 312 dated the 1st instant, I have the honor to inform you that in accordance with the wishes of His Excellency the Governor in Council I have nominated Mr. Rexford Anderson to act for Mr. Going on the Commission appointed to examine the foundations of bridges on this Railway.

2. Mr. Anderson however begs me to point out that he has just at present unusually great demands upon his time, as every effort is being made to complete the North West line at an early date, and he is unfortunately deprived of the assistance of his Deputy in Construction (Mr. Going) and consequently has to give more attention than usual to matters of detail.
