GROUPS OF PROPOSITION.

ITEM 1.—The officer who was in charge of the Collegal Range of the Coimbatore District in 1868 found it necessary to provide himself with the shelter of a small bungalow in that insalubrious locality, and having subsequently, on account of the failure of his health, been removed to another district, offered the building to Government at the moderate price of Rupees 1,200. Believing it indispensable to allow the members of the department who may at any time be employed in the neighbourhood the benefit of such accommodation as the bungalow is able to afford, the Government agreed to its purchase for the sum named, and the transfer now proposed is intended to provide the necessary funds.

2. ITEM 2.—This amount is urgently required to supplement the current year's allotment for the Cheroopoyah bridge in the Malabar District to allow of the early completion of the masonry work of the structure.

3. The outlay on Extraordinary Agricultural Works during the current year having fallen considerably short of the Budget assignment, the proportion of establishment charges debitable to Loan Funds has been correspondingly reduced, and, as explained in Proceedings of the 7th December 1870, No. 2,959, the ordinary grant under "Establishments" requiring to be supplemented by an allotment of Rupees 50,000, this Government have, in anticipation of the sanction of the Government of India, provided the sum by the transfers entered as item 3 in the accompanying statement, the grants for which it is found will bear the reduction.

4. Under the circumstances it is requested that the proceedings above reported may receive the confirmation of the Right Honourable the Governor-General in Council.
