*Proceedings of the Madras Government, Public Works Department,
28th February 1871.*

No. 589. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Nalore, 16th February 1871, No. 988 —

I HAVE the honour to inform you that certain rooms in the Tahsildar's Cutcherry at Perambalore are made use of for the custody of prisoners. The walls of these rooms consist of brick-in-mud, and in consequence the rooms are not considered safe for the custody of prisoners.

2. A sum of Rupees 195 is required to build buttress walls outside the existing walls, and these buttress walls would not be required were the rooms used merely as record rooms, as they will be when the new Sub-Jail is completed

3. To complete the new Sub-Jail a sum of Rupees 792-10 0 is required, as shown in the statement which accompanied letter No. 576, of 8th October 1870, from this office. Under the head "Repairs to Civil Buildings" in the Trichinopoly District a sufficient sum is available to cover the cost of completing the Sub-Jail at Perambalore, and I would solicit sanction for the completion of the work from the sum available in anticipation of the sanction of the transfer of the amount from "Repairs" to "New Works" by the Government of India; for, if the work is not put in hand at once, it will not be possible to complete it within the current official year, and if there is any delay in the completion of the new Sub-Jail, the wards now occupied by prisoners must be rendered safe at an outlay of Rupees 195.

No. 590. ORDER THEREON, 28th February 1871, No. 591.

CIVIL WORKS, No. 46.

As it is of importance that the new Sub-Jail at Perambalore in the district of Trichinopoly, which is urgently required for the custody of prisoners, should be completed as early as possible, and as the Superintending Engineer reports that the sum of Rupees 793 required for the purpose can be made available by diversion from the allotment for Repairs to Civil Buildings in that district, His Excellency the Governor in Council resolves, in anticipation of the sanction of the Government of India, to authorize the transfer of the amount, and to direct that the work be at once put in hand.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 6th Division.

Supr Engineer Office B.D.M.
Camp Malore 16th February 1871

From, Captain W. F. Carter R.E.
Superintending Engineer, B.D.M.

To, Colonel C. C. Orr R.E.
Secretary to Government. B.D.M.

Sir,

I have the honor to inform you that
certain rooms in the Tahsil Dar's Calaberry
at Perambalur are made use of for the
custody of Prisoners. The walls of these
rooms consist of brick in mud and in
consequence the rooms are not considered
safe for the custody of Prisoners.

A sum of Rs. 195- is required to build
battress walls outside the existing
walls and these battress walls would
not be required were the rooms used
merely as record rooms as they will be
when the New Sub Jail is completed.

To complete the New Sub Jail a
sum of Rs. 792-10 is required as shown
in the Statement which accompanied
letter No. 576 of 8th October 1870 from
this

this Office. Under the head "repairs to Civil Buildings" in the Trichinopoly District a sufficient sum is available to cover the cost of completing the Sub Jail at Perambalur and I would solicit sanction for the completion of the work from the sum available, in anticipation of the sanction of the transfer of the Cement from "Repairs" to "New Works" by the Government of India; for, if the work is not put in hand at once, it will not be possible to complete it within the current official year. If there is any delay in the completion of the New Sub Jail the wards now occupied by Prisoners must be rendered safe at an outlay of Rs 195.

I have the honor to be,
Sir,
Your Most Obedt Servt
