*Proceedings of the Madras Government, Public Works Department,
28th February 1871.*

No. 591. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 16th February 1871, No 3,862:—

ADVERTING to paragraph 25 of G. O., No. 389, dated 8th instant, and the revised Budget for the ensuing official year, I have the honour to observe that a sum of Rupees 5,000 is provided for a Telegraph Office at Rajahmundry under the express orders from the Government of India.

2. With reference to this I have to state, for the information of Government, that the orders of the Government of India have not been communicated to me. A design and an approximate estimate for an office at Rajahmundry had, however, been furnished by me, but, as no information was conveyed to me of the proposal having been approved of by the Director-General of Telegraphs, nor any of the papers returned, I concluded that the idea had been abandoned.

3. I have this day forwarded a sketch plan of the building I had designed for Rajahmundry to the Director-General of Telegraphs in India, which, when approved of and returned to me, an estimate will be sent in for sanction.
