MADRAS RECORD OFFICE.

Government of Madras.
Public Works DEPARTMENT.

G.O. No. <u>596</u>	Press Mis.
Dated <u>18</u>	

Not to be folded or roughly handled

[Handwritten signature]

*Proceedings of the Madras Government, Public Works Department,
1st March 1871.*

No. 5. Read the following letter from the Superintending Engineer, 4th Division, to the Chief Engineer for Irrigation and Joint-Secretary to Government, Public Works Department, dated Madras, 21st February 1871, No. 4,708 —

Amount required by Mr Lowry in his letter, No 146, dated 27th October 1870

Allotted in G O, No 2,651, dated 4th November 1870

rs.
9,668

7,739

1,929

to forward a letter from the Assistant Engineer in charge of the Chembrumbaukam Tank soliciting that the balance of Rupees 1,929 asked for in his letter No. 146, dated 27th October 1870, embodied in the G. O. above quoted,

may be granted from any savings at the disposal of Government under the head of "Agricultural."

2. This sum has also been included in my demand statement submitted to Government this day.

From the Assistant Engineer in charge No. 7 Range, Chingleput District, to the Superintending Engineer, 4th Division, dated Chembrambaukam Tank, 9th February 1871, No. 198

REFERRING to the correspondence as per margin, on the subject of allotting funds for the Chembrambaukam Tank Project, I have the honour to point out that the sum sanctioned in G O, No 2,651, dated 4th November 1870, is

nearly expended, the balance that remains being only sufficient to meet the charges for the current month. I need hardly add that I could have advantageously laid out three or four times the amount this year placed to my credit. I now take the liberty of bringing the requirements of this work to your notice, and request you will be pleased to submit an application for a further allotment of funds in order that, if there is any money available, the works may be further prosecuted.

No. 6. ORDER THEREON, 1st March 1871, No. 596.

IRRIGATION, No. 1.

THE Rupees 1,929 applied for in the Superintending Engineer's letter will be transferred to the Chingleput District from the amount under Agricultural, Ordinary, surrendered by the Superintending Engineer of the 1st Division in his telegram of the 21st February 1871, as soon as the particulars are known. In the meantime Colonel Wilkieson can allow the Chembrambaukam Tank work to be gone on with against this allotment.

(True Extract.)

Major, R.E.,

Joint-Secretary to Government.

To the Superintending Engineers, 1st and 4th Divisions.
.. Controller of Public Works Accounts.
.. Chief Engineer for Irrigation.
