*Proceedings of the Madras Government, Public Works Department,
3rd March 1871.*

No. 58. Read the following letter from the Superintending Engineer in temporary charge of 8th Division, to the Secretary to Government, Public Works Department, dated Palamcottah, 11th February 1871, No. 2,907.—

With reference to G. O., 14th October 1870, No. 2,464, I have the honour to request that I may be informed whether it is the intention of Government that rent should be charged for a bungalow erected in the neighbourhood of a large public work expressly for the accommodation of the officer in charge of that work while under construction or subsequently. I do not understand the order above quoted to apply to such a case.

2. Of course as regards travelling allowance the bungalow in the above case would be held to be the officer's temporary residence, (1st Rule, Clause 3,) and allowance would not be passed if halted more than three days there.

No. 59. ORDER THEREON, 31d March 1871, No. 625.

ACCOUNT, No. 5

THE Government are of opinion that rent cannot fairly be charged for buildings of a temporary character erected for the accommodation of officers during the construction of a public work, but in the case of permanent buildings which are continued to be occupied after the completion of a work, rent should be paid.

I would not be disposed to
charge rent for a building for
temporary character put up for
the accommodation of officers during
the construction of a public work
if the building assumed a permanent
character & was certified and
accepted after the completion
of the work. Rent
might be
charged if
became a
rent was charged the officer
might consider by occupying
his tent.

As buildings of the character referred to are provided for a residence more or less prolonged and not as halting places, the Govt. are of opinion that rent for such accommodation is fairly chargeable.
