By order,

(Signed) J J McLEOD INNES,

Deputy Secy. to the Government of India.

Resolution by the Government of India, Financial Department, dated 29th December 1870, Circular No 3,921

UNDER Financial Resolution, No 1,035, dated 7th June 1870, which prescribes rules for the recovery and adjustment of charges for work done by a Government Factory for any Public Department, the Heads of Departments are required to make provision in their Budget Estimates for printing work to be done in the Government Press. This course would lead to a double charge for printing, *first*, in the grant for the Government Press, and, *secondly*, under the several officers concerned, while the object desired, as regards printing, was simply to limit the annual cost of the orders upon the Superintendent of Government Printing for work to be executed by him for Heads of Departments. His Excellency in Council is accordingly pleased to direct that the figures for the Budget be taken from the estimate of the Superintendent of Government Printing, and that the estimates of the several departments for work to be done by the Superintendent, be excluded from their Budget Estimates of the rest of their expenditure, and be detailed in an Appendix to the Budget Estimate of the Superintendent of Government Printing

2 The Comptroller General and the Superintendent of Government Printing will be responsible for seeing that the requisitions of Heads of Departments during the year do not exceed the amounts which may be passed for them in the appendix to the estimate of the Superintendent of Government Printing, and the former Officer, in giving effect to the 1st and 2nd Rules in the Financial Notification No 1,035, dated 7th June 1870, will take care that proper Departmental audit is obtained for the expenditure which may be incurred against the estimates, as mere provision for it in the appendix to the estimate of the Superintendent of Government Printing will not exempt Heads of Departments from the obligation of obtaining competent sanction for any special printing expenditure. For example, the sanction of the Government of India in the Foreign, Home, Military, or Public Works Department would be necessary for adjusting the cost of any book which might be printed by the Head of a Department subordinate to any of those departments

3 These instructions will apply equally to the work done by the Government Press at Allahabad, or the like Press Establishment for other Departments or Governments, the Local Accountant-General being charged in such case with the responsibility which, in foregoing orders, attaches to the Comptroller General in respect of the Press of the Government of India.

Memorandum from the Government of India, Public Works Department, to the Secretary to the Government of India, Financial Department, dated 9th January 1871, No. 15-A. G.
