*Proceedings of the Madras Government, Public Works Department,
4th March 1871.*

No. 116. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 1st March 1871, No 4,822 —

I HAVE the honour to request the sanction of Government to the transfer of a sum of Rupees 2,600 now available from the current year's allotment for Agricultural Repairs in the Presidency District to that in the Chingleput District, and to inform that a further amount of Rupees 4,400 will be expended in No 3 Range, which will have to come out of next year's allotments for Agricultural Repairs in the Chingleput District, unless that sum can be placed at my disposal in this year. This is caused by certain emergent irrigation repairs commenced by Mr. Ottmann under the provisions of paragraph 4, Clause I, Chapter 24 of the Public Works Code, but the estimates of which required further information given, and since have had to go to the Collector for countersignature, so no appropriation has been as yet made though the works appear in the Progress Report.

No 117 ORDER THEREON, 4th March 1871, No. 649.

ACCOUNT, No 13.

THE proposal to supplement the Agricultural repair grant of the Chingleput District by the transfer of Rupees 2,600 from the allotment under that head for the Presidency is sanctioned, and the additional sum of Rupees 4,400 represented to be required will be transferred from the sum of Rupees 8,436 held at the disposal of Government in G. O., No. 632, dated 3rd March 1871, from the Agricultural repair grant for Salem.
