*Proceedings of the Madras Government, Public Works Department,
8th March 1871.*

Read the following papers:—

No. 180. From the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Velangady, 19th January 1871, No. 905.

I HAVE the honour to observe from the audit note of the Controller on the accounts of the 4th Range, Tanjore, for November, that the Government have, in their Order, No. 3,075, dated the 17th December, directed that the cost of the masonry works over irrigation channels on district roads shall be debited to Local Funds, but as the order has not been communicated to this office, I request that I may be furnished with a copy of it.

No. 181. Proceedings of the Madras Government in the Revenue Department, dated 30th January 1871, No. 195.

Read the following:—

Proceedings of the Madras Government in the Public Works Department.

Referring for re-consideration the question of the moiety of cost of bridges and tunnels over irrigation channels crossing Local Fund roads being contributed from the Imperial Public Works Budget. (Here enter No. 2,957 of 6th December 1870.)

Proceedings of the Madras Government in the Public Works Department.

Recording letter from the Superintending Engineer, 6th Division, affording explanation regarding the unauthorized expenditure incurred on certain roads in the Tanjore District. (Here enter No. 93 of 13th January 1871.)

Proceedings of the Madras Government in the Public Works Department.

Intimating that the question of a moiety of the cost of bridges and tunnels over irrigation channels crossing district roads being contributed from Imperial Funds is under the consideration in the Revenue Department, and that, pending a decision, no allotment can be made from those funds. (Here enter No. 112 of 18th January 1871.)

Local Funds, No. 22.
Civil Works.

THE Government observe that in consequence of the recent orders of the Supreme Government, constituting the construction and repair of all roads a

“Provincial service,” with a fixed annual grant, the question under reference will assume an entirely changed aspect from the commencement of the coming financial year; and, under these circumstances, the Government deem it unnecessary now to re-consider the order relating to masonry works on district roads, which will practically become inoperative at a very early date, and is at present in abeyance from want of funds.

(True Extract.)

(Signed)

W. HUDLESTON,

Secretary to Government.

*Proceedings of the Madras Government, Public Works Department,
8th March 1871.*

No. 182. ORDER THEREON, 8th March 1871, No. 682.

LOCAL FUNDS, No. 4.

Civil Works.

ORDERED that a copy of G. O., No. 3,075, dated 17th December 1870, be furnished to the Superintending Engineer of the 6th Division and to all other Superintending Engineers for information and guidance.

2. Adverting to the orders passed in the Revenue Department on the reference made to that Department in Proceedings of the 6th December 1870, No. 2,957, the whole of the expenditure incurred during the current official year on works of the class referred to by Captain Oakes unprovided with allotments will be charged to Local Funds.
