*Proceedings of the Madras Government, Public Works Department,
9th March 1871.*

No. 204. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 3rd March 1871, No. 2,683:—

ADVERTING to the Proceedings of Government, No. 597, dated 1st instant, I have the honour to state that no portion of the first advance of Rupees 20,000, ordered to be made to the Collector of Chingleput under G. O., No. 60, of the 10th January 1871, has yet been accounted for to this Office; in fact, the advance is not recorded in the Executive Engineer's Accounts up to the 31st idem. Irrespective of the two advances (aggregating Rupees 40,000) authorized to be made to the Collector of Chingleput, there is an outstanding advance of Rupees 30,000 against the Collector of Madras, and as, under the orders of the Government of India, recorded in Proceedings No. 520, dated 21st February 1871, the whole of the outlay on the Madras Water Supply Project on and after the 1st January last is chargeable to the ordinary grant, it is necessary to provide at once such a sum from that source as will cover all probable debits up to the 31st instant.

2. I estimate the expenditure by Captain Scott, during the last quarter of the year, at about Rupees 20,000; and if it is believed that the entire advance of Rupees 70,000 made, or to be made, to the Collectors of Chingleput and Madras, on account of compensation for land, will be spent in 1870-71, and promptly accounted for to this office, the total amount requiring to be provided for the Water Supply Project from the ordinary assignment for the current official year is Rupees 90,000.

3. The early orders of Government are respectfully solicited.

No. 205. ORDER THEREON, 9th March 1871, No. 693.

IRRIGATION, No. 12.

COMMUNICATED to the Collectors of Madras and Chingleput, who will report at once what amounts have been already disbursed as compensation for lands taken up for the Madras Water Supply Project from the grants made available for the purpose in the orders marginally noted, and what sums it is believed will be appropriated before the close of the current official year. The former officer will state the sums paid prior and subsequent to the 1st January 1871.

2. The attention of the Collectors of Madras and Chingleput will be drawn to the delay in adjusting any portion of the advances made to them, and they will be reminded that the grants which have been placed at their disposal will lapse at the end of this month if not promptly accounted for.
