G.O. No. 71 Press
143-144 Mis.-

Dated 11— 1 1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
11th January 1871.

No. 143. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 5th December 1870, No. 3,051:—

With reference to my estimate of Tools and Plant, "Extraordinary," embodied in G. O., No. 2,705, dated 11th November 1870, I have the honour to inform you that only six Archimedean screws were provided in that estimate; but from the Range Officers' letters lately addressed to me, I observe that the required number is sixteen or ten in excess of their original requirements. To meet further demands by Range Officers on this account, I wish to add to the above another four, making up the total number of Archimedean screws now required to twenty.*

* Including six already applied for.

2. The probable sum required for making up the above would be Rupees 3,000, from which Rupees 1,080 should be deducted on account of six screws already provided for, leaving the remainder, namely, Rupees 1,920, to be met from the 9,000 Rupees allotted for iron boats.

3. As Colonel Haig has not yet demanded the money, and as I propose paying him a portion of the 9,000 Rupees this year, and the difference in next year, I trust that Government will be pleased to sanction the arrangement contained in this letter.

No. 144. Order thereon, 11th January 1871, No. 71.

ACCOUNT, No. 15.

Ordered that the sanction of the Government of India be requested to the appropriation from the Budget provision for "Tools and Plant, Extraordinary," of the sum of Rupees 1,920 required by the Superintending Engineer of the 1st Division for the fourteen additional Archimedean screws referred to in this letter.

2. When sanction to the expenditure shall have been obtained, the charge can be met from the amount* held at the disposal of Government in Proceedings of the 12th September 1870, No. 2,190.

* Rupees 5,050.

3. These articles should have been included by the Superintending Engineer in the estimate submitted with his letter of the 17th October 1870, No. 2,412.

4. As funds are available for completing the purchase of the boats referred to in paragraph 3, Major Fischer will take measures for the payment to Colonel Haig from the current year's grant of the *whole amount* due as soon as the boats have been received.

(Here enter No. 72, dated 11th January 1871.)

(True Extract.)

Colonel, R.E.,
