Proceedings of the Madras Government, Public Works Department, 11th January 1871.

No. 146. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 16th December 1870, No. 810 :—

I HAVE the honour to inform you that the Range Officers of Nos. 1 and 2 Ranges of the Trichinopoly District have brought to notice that owing to the reduction of 6 per cent. having been made from the maintenance grants of roads under G. O., No. 2,445, dated the 11th October, the balances left are not sufficient to keep up the road establishments during the remainder of the year after paying the Contractor's bills for materials already supplied. As the dismissal of the establishment will be very detrimental to the roads, I would recommend that a sum of Rupees 1,073 be re-allotted to the roads as shown in the margin, and that the amount be met by transferring to the Trichinopoly District a sum of Rupees 1,073 from Rupees 1,539 now remaining unappropriated in the Tanjore District under the head " Repairs of Navigation Canals" "under Communication."
