*Proceedings of the Madras Government, Public Works Department,
15th March 1871.*

No. 380. Read the following Endorsement of the Controller of Public Works Accounts, dated Madras, 13th March 1871, No. 2,794 :—
From the Superintending Engineer, 4th Division, to the Controller of Public Works Accounts, dated Madras, 11th March 1871, No. 5,010.

I HAVE the honour to enclose an original letter (to be returned) from the Executive Engineer, Madras Water Works, and to request that you will be good enough to inform me whether there is any objection to adopting the course pointed out by Captain Scott for drawing the sum of Rupees 20,000, specially sanctioned by Government in their Proceedings marginally noted, against the "Extraordinary" grant Rupees 2,00,000, and paying the same to the Collector of Chingleput in adjustment of the claims to compensation for lands taken up for the Madras Water Supply Project.

2. It appears to me, taking into consideration the fact that the orders of the Madras Government, quoted above, bear date subsequent to that of the telegram* from the Government of India, that • *Vide* Madras Government Order No. 520, dated 21st February 1871, telegram should not be taken as prohibiting the drawing of the sum, Rupees 20,000, against the "Extraordinary" grant. If you concur in this view, I would suggest your applying at once to the Accountant-General for a credit order for Rupees 20,000 required by Captain Scott, and I request that the same be furnished to me as early as practicable to enable Captain Scott to pay the amount to the Collector before the close of the official year.

3. If, on the other hand, your view differs from mine on this subject, I beg that the required sum may be placed at my disposal out of the "Ordinary" grant, Rupees 22,681, sanctioned in G. O., No. 632, dated 3rd March 1871, for the Madras Water Works.

SUBMITTED for the consideration of Government, with reference to their Proceedings of the 9th instant, No. 693.

2. Under the orders of the Government of India, recorded in Proceedings No. 520, dated 21st February 1871, this office cannot admit expenditure on the Madras Water Supply Project after the 31st December 1870 as a debit to *Borrowed Capital*. In my letter of the 3rd instant, No. 2,683, I estimated the amount required from the ordinary grant, to meet all charges in connection with this work during the last quarter of the current official year, at Rupees 90,000, and as the sum of Rupees 22,681 sanctioned in G. O., No. 632, dated 3rd March 1871, will not more than cover the outlay directly incurred, and to be incurred, by the Executive Engineer in charge, I do not feel myself at liberty to grant Captain Scott credit from the ordinary allotment for the sum of Rupees 20,000 required by the Collector of Chingleput on account of charges for land, or to authorize the disbursement of the amount from Extraordinary Funds.

3. The early orders of Government are accordingly solicited for the guidance of this office.

Controller of Public Works Accounts.

ORDER THEREON, 15th March 1871, No. 775.

ACCOUNT, No. 43.

* Rupees 22,681.

To enable the Government to determine to what extent it will be necessary to supplement the amount* provided from the Ordinary Agricultural Grant for the Madras Water Supply Project in G. O., No. 632, dated 3rd instant, and to decide whether the savings under that head will admit of the demand being met, His Excellency the Governor in Council requests the Collectors of Chingleput and Madras to submit *at once* the information called for in G. O., No. 693, dated 9th instant.

against the "Extraordinary" grant
Rupees 200,000 and paying the same
to the collector of Chingleput in
adjustment of the claims to com-
pensation for lands taken up for
the Madras Water Supply Project.

2. It appears to me, taking
into consideration the fact that the
Orders of the Madras Government
quoted above bear date subsequent
to that of the Telegram from the
Government of India, that Telegram
should not be taken as prohibit-
ing the drawing of the sum Ru-
pees 200,000 against the "Extraordina-
ry" grant. If you concur in this
view, I would suggest your
applying at once to the Accountant
General.

February 1871.

General for a credit order for Ru-
pees 20,000 required by Captain Scott,
and I request that the same be
furnished to me as early as practi-
cable, to enable Captain Scott to pay
the amount to the collector before
the close of the official year.
