*Proceedings of the Madras Government, Public Works Department,
15th March 1871.*

No. 393. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 9th March 1871, No. 4,994 :—

I HAVE the honour to forward an indent, amounting to Rupees 353, of the Barrack Master's, for materials required for trifling repairs to fixtures of public buildings in the Presidency District, together with a copy of the Barrack Master's letter, No. 324, dated 6th February 1871, stating that the articles are immediately required.

2. A similar supply of the materials was sanctioned by Government in their Order, No. 1,056, dated 13th April 1864, to the extent of Rupees 130-6-5, to be charged to the allotment of Rupees 18,000 set apart for the purchase of stores, etc., in the Budget of 1863-64 ; but, as no special provision appears to have been made in the current year's Budget for such charges, I beg to recommend that the amount of the indent, namely, Rupees 353, may be transferred from the current year's allotment for Civil Repairs in the Chingleput District to that in the Presidency District, as no funds are now available in the latter district under that head.

3. The sum of Rupees 144, which is the payment of a carpenter for twelve months employed in repairing the fixtures of public buildings, is also charged to the allotment for Civil Repairs in the Presidency District for many years hence.

ORDER THEREON, 15th March 1871, No. 782.
