MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 783.	Press
375-96.	~~Mis.~~
Dated 15. 3.	1871.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
16th March 1871.*

No. 395. Read the following letter from the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Public Works Department, dated Madras, 2nd March 1871, No. 128:—

I HAVE the honour to submit the letter noted in the margin from the Agent and Manager, Madras Irrigation and Canal Company, requesting sanction for the sum of Rupees 2,298 as an advance on account of distribution works under the 9th Section of the Main Canal to enable the Chief Engineer to proceed with the construction of the head-works where the irrigating channels branch off the Main Canal, and I recommend that the request may be complied with.

2. The distribution scheme under the 9th Section will be shortly submitted. The papers reached me in December last, and I had occasion to request a revision of the project on the 17th of that month, as existing interests were injuriously affected by the channels proposed by the Company, and the revised scheme is now under examination in the Chief Engineer's office.

From the Agent and Manager of the Madras Irrigation and Canal Company, to the Consulting Engineer for the Madras Irrigation and Canal Company, dated Madras, 24th February 1871, No. 89.

I HAVE the honour to forward copy of Chief Engineer's letter, No. 267, of the 18th instant, and to request sanction for Rupees 898 on the head-sludge Maidkur channel of six openings and of Rupees 1,400 on that of Yaitoor channel of ten openings, making a total of Rupees 2,298.*

From the Chief Engineer of the Madras Irrigation and Canal Company, to the Agent and Manager of the Madras Irrigation and Canal Company, dated Kurnool, 18th February 1871, No. 267.

I HAVE the honour to report the receipt from Mr. Gordon, with his No. 100, of 13th instant, of plans and estimates for irrigating 6,500 acres east of the canal near Maidkur, and 10,230 on the west side near Yaitoor, without interfering with any existing irrigation. The plans seem very complete and clear, and shall be submitted as early as possible.

2. Meantime, I request you to be so good as to ask the sanction of Government to an expenditure of Rupees 898 on the head-sludge Maidkur channel of six openings, and of Rupees 1,400 on that of Yaitoor channel of ten openings, total Rupees 1,698. These works may then be carried out and the canal bank closed.

3. The total cost of the channels now proposed by Mr. Gordon are—

Maidkur channel (6,500 acres.)									
Masonry	...	...	...	...	...	...	...	4,342	rs.
Earthwork	...	...	...	...	...	...	...	5,523	
								<u>9,865</u>	
Yaitoor channel (10,230 acres.)									
Masonry	...	...	...	...	...	...	...	4,168	
Earthwork	...	...	...	...	...	...	...	10,751	
								<u>14,919</u>	
								<u>21,784</u>	

To which an allowance for subsidiary channels requires to be added.

Company

Proceedings of the Madras Government, Public Works Department,
16th March 1871.

No. 396. ORDER THEREON, 15th March 1871, No. 783.

IRRIGATION, No. 30.

The Government sanction the advance of Rupees 2,298 applied for by the Agent and Manager of the Madras Irrigation and Canal Company on account of the distribution works under the 9th Section of the Company's Canal.
