*Proceedings of the Madras Government, Public Works Department,
17th March 1871.*

No. 434. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Keelayur, 9th March 1871, No. 1,054:—

I HAVE the honour to observe that in your letter, No. 261, dated 27th January 1871, to Mr. G. Robertson that gentleman is requested to examine only one port in the Tanjore District, namely, that at Negapatam.

2. In the Collector's letter, No. 246, of 11th November 1869, that gentleman indirectly suggests that Mr. Robertson should be requested to visit the port of Mutupettah; the statistics of trade at that port are as follow, being an average for the last nine years:—

TONNAGE.		VALUE OF	
Inwards.	Outwards.	Exports.	Imports.
12,716	12,465	RS. 7,26,182	RS. 20,781

2. I have not yet been able to obtain the statistics of the trade at the port of Nagore; here the struggle has been to prevent the Vettaur from running northwards and from entering the sea in the French territory.

3. A description of the ports of Mutupettah and Nagore will be found in G. O., No. 872, dated 30th April 1861, of which I have not a copy in camp. Should Government deem either of these ports worthy of Mr. Robertson's inspection, I beg that he may be instructed to examine them.

No. 435. ORDER THEREON, 17th March 1871, No. 802.

CIVIL WORKS, No. 21.

THE Government do not consider the ports of Nagore and Mutupettah to be of sufficient importance to render their examination by Mr. Robertson necessary.
