To,
Colonel C. A. Orr R.E.
Secretary to Government
P. W. D. Department.

Sir,
With reference to the Order of Government dated the 9th Instant No 675, I have the honor to state that as yet I have received only one Cheque for Rs. 20,000 from the Executive Engineer in charge of the Madras Water Works Project, being the amount ordered by the Government to be placed at my disposal in their Proceedings of the 10th January 1871 No 60.

2. Of the above sum, I have disbursed up to date Rs. 2424-3-1 and the balance is held in deposit.

3 The claims already settled and which have to be satisfied, amount to Rs. 23,339-5-6 the whole of which there is every prospect of being disbursed by the end of this month, the parties concerned having already been summoned to attend at my office to receive the money.

4 I have also partly completed my enquiry regarding a further claim of Rs. 11,000, but I am not quite certain that I shall be able to dispose of this claim by the end of the month, as the information that I require on some material points in connection therewith, has not yet been furnished to me by the Tahsildar of Sydapet. I have, however, taken steps for the early disposal of this claim.

5 Thus the Government will see that the amount that may have to

be relinquished at the end of this month is not likely to exceed five or six thousand Rupees.

6. I expected to have been able to disburse the whole of the 4,000-Rs. sanctioned by Government and even more before the close of the official year, but the Government having placed the services of Mr. Farmer, the Assistant Collector, whom I had deputed for the special duty of settling claims to compensation for lands taken up in connection with the Madras Water Works Project, at the disposal of the Accountant General for a time, I shall be unable to spend the whole of the sanctioned amount.

I have the honor to be,
Sir,
Your most Obedt. Servt.,
