*Proceedings of the Madras Government, Public Works Department,
21st March 1871.*

No. 510. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 15th March 1871, No. 5,076 :—

In my letter No. 3,911, dated 17th December 1870, embodied in G. O., No. 94, dated 13th January 1871, I surrendered a sum of Rupees 898 from the current year's allotment, Rupees 1,943, for the Madranticum Tank Project; but Mr. Leggatt, the Executive Engineer in charge of the Range, explains, in the enclosed original letter, that the surrender of the above sum was a mistake, as it included certain recoveries made in past year's expenditure which were paid into the treasury under instructions from the Controller of Public Works Accounts.

2. These instructions having since been cancelled, Mr. Leggatt now reclaims Rupees 748 out of the surrendered amount, in order to complete the project and adjust the accounts connected with it, before the close of the official year.

3. I have, therefore, the honour to request that the sanction of Government may be obtained for re-allotting the above sum of Rupees 748 to the project, as suggested by Mr. Leggatt.

No. 511. ORDER THEREON, 21st March 1871, No. 840.

IRRIGATION, No. 43.

As the sum of Rupees 898 surrendered from the grant for the Madranticum Tank in the Chingleput District, has not been re-appropriated, Rupees 748 from that amount will be replaced at the disposal of the Superintending Engineer of the 4th Division with reference to this application.
