*Proceedings of the Madras Government, Public Works Department,

No. 516. Read the following Endorsement of the Revenue Department:—
Read the following Proceedings of the Board of Revenue, dated 14th March 1871,
No. 1,110.

From the Officiating Collector of the Kistna District, to the Acting Secretary to
the Board of Revenue, dated Masulipatam, 10th February 1871, No. 414.

I HAVE the honour to forward herewith for sanction an estimate, amounting
to Rupees 232, for the repairs of the Sea Custom-house at the port of Ipurupalem
in this district. In forwarding this estimate the Superintending Engineer writes
to me, in a letter dated 31st January 1871, No. 315: "The *bona fide* repairs
"amount only to Rupees 33-14-0, but I do not doubt the necessity for removing the
"sand which is annually encroaching on the building. If this is to be executed
"we must apply to Government for sanction, as the amount of estimate exceeds
"the quarter value of the building—see paragraph 102, Chapter V., Public Works
"New Code."

2. The building is at present half buried in sand; I lately inspected it. To
check the sand drift, Casuarinas are being largely planted out of Jungle Conser-
vancy Funds, as sanctioned by the Board. At the date of my visit 6,000 had been
planted out, and there were about two lacs of young plants in the nursery.

ENCLOSURES Nos. 1 and 2.—Detailed and Abstract Estimates.

SUBMITTED for the orders of Government.

2. The Board observe that the work in question cannot be executed out of
the Budget provision of Rupees 35 for the Kistna District under Sea Custom Petty
Construction and Repairs for 1871-72.

3. It must obviously be met from other sources in the Public Works Budget.

TRANSFERRED to the Public Works Department.

The Sea Customs House needs very much, turning
Lies with the new flat and Pautiles is badly required.
The Building is also likely to be covered with sand
if necessary measures are not taken to remove
it as quickly as possible.
