No 171. Read the following letter from the Under Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 22nd December 1870, No. 2,059-R:—

I AM directed to acknowledge the receipt of your letter, No. 2,823, of the 23rd November, and in reply to convey the sanction of the Governor-General in Council to the indents, amounting to Rupees 35,109-13-8, for English stores required for the Raichore Junction station by the Madras Railway, provision for which has been made in the estimate sanctioned for that work.

2. The result of an enquiry made of the East Indian Railway Agency since receipt of your letter, shows that there are spare carriage turn-tables, 15 feet diameter, on that Railway to be disposed at Rupees 1,700 each in Calcutta, which seems to be a reasonable price.

3. As the station at Raichore will be an important one, and the yard extensive, it is suggested that a diameter of six inches piping is small. It might be increased one inch with advantage.
