As the amount provided by the transfers entered in my application of the 16th March 1871, No. 792, on account of the Madras Water Supply Project, will not suffice to meet any portion of the disbursements for compensation for land taken up for the scheme, the transfers entered as Item 1 are submitted for sanction.

2. Item 2 is intended to provide funds for meeting a pressing demand for compensation for land taken up for the Water Supply Project at Ootacamund.

4. These transfers having become necessary so late in the year the Government unavoidably authorized them in anticipation of the sanction of the Government of India.

Grounds of Proposition (3)

1. As the amount provided by the transfers entered in my Application of the 16th March 1871. No 792. on account of the Madras Water Supply Project will not suffice to meet any portion of the disbursements for compensation for land taken up for the scheme, the transfers entered as item 1 are submitted for sanction.

2. Item 2 is intended to provide funds for meeting a pressing demand for compensation for land taken up for the Water Supply Project at Botacaman.

3. As it has become necessary still further to supplement the grant under Establishment. Ordinarily owing to the expenditure from Local Funds having fallen considerably short of the assignment, sanction is requested.
