*Proceedings of the Madras Government, Public Works Department,
28th March 1871.*

No. 668. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 21st March 1871, No. 5,169:—

From the Executive Engineer, Madras Water Works, to the Superintending Engineer, 4th Division, dated Red Hills, 17th March 1871, No. 76.

I HAVE the honour to inform you that, in accordance with the direction given in Circular Memorandum No. 26 of the Chief Engineer for Irrigation, dated 11th May 1870, I made arrangements to gauge the quantity of water supplied to a piece of nunjah land in this range, and it has been cultivated under inspection and the crops measured. Certain expenditure has been incurred in carrying out these arrangements, a detail of which is annexed.

I have the honour to request that you will allot funds to meet the outlay.

I have to express my regret that application for funds was not made by me sooner, but the matter entirely escaped my recollection.

SUBMITTED to Government, with a
recommendation that the sum of Rupees
57 may be sanctioned from the following
sums, namely:—

1 Original letter, with a bill (requested to be returned).

Rupees 32, the balance available from the current year's allotment for Agricultural Minor New Works in the Chingleput District.
,, 25, from current year's allotment for do. do. in the North Arcot District.

—
,, 57
