Dated	1-4-	1871.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
1st April 1871.*

No. 16 Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 18th March 1871, No. 139:—
From the Agent and Manager of the Madras Irrigation and Canal Company, to the Consulting Engineer for the Madras Irrigation and Canal Company, dated Madras, 16th March 1871, No. 117.

I HAVE the honour to request your sanction for the expenditure of Rupees 18-8-0 to be charged to Revenue for the purchase of lamp-oil, required for the working of the sluices in the 4th and 5th Sections, from June to September 1870. The accompanying copy of Mr. Dodson's letter, No. 85, of the 2nd February 1871, explains the transactions.

From A. J. DODSON, Esq., Executive Engineer, Bowanassy Division, to the Assistant to Chief Engineer, dated Jupaud, 2nd February 1871, No. 85.

YOUR No. 111, of the 1st instant.

The oil retrenched by the Agent was used by the bankers and sluice-keepers on the 4th and 5th Sections during the months of June, July, August, and September, when the water was in the canal, and they had to watch the banks and emptying sluices at night. As the oil had to be brought at a distant village, it was thought better to purchase a large quantity at once; it was kept at Pugadial by Mr. Betreen, Conservancy Overseer, and given out to the head bankers and sluice-keepers in small quantities for their lamps.

SUBMITTED to Government, with a request that the amount may be sanctioned as a charge against Revenue, and that this office may be authorized to pass small contingent expenses of this nature in future.

(Signed) J. CARPENDALE, Colonel, R.E.,
Consng. Engr. for I. and C. Company.

No. 17. ORDER THEREON, 1st April 1871, No. 973.

IRRIGATION, No. 2.

SANCTIONED.
