*Proceedings of the Madras Government, Public Works Department,
3rd April 1871.*

No. 30. Read the following Endorsement of the Executive Engineer in charge of 3rd Division, dated Bellary, 24th March 1871.

From the Sub-Engineer in charge of Cumbum Range, to the Superintending Engineer, 3rd Division, dated Cumbum, 18th March 1871, No. 405.

REFERRING to the Proceedings of Government dated 6th March 1871, No. 654, I beg to state that the reason why the January accounts of this range had not been received by the Controller on the 1st of March is a delay in the tappal. The Overseer in charge of the range returned from circuit to head-quarters, where the office was, on the 23rd of February; signed the accounts on the 24th, which accounts were despatched on the 25th; as it takes only four days, inclusive, for the tappal between this and Madras, the accounts ought to have reached their destination on the 28th.

I reached the limits of the range, on my return from leave, on the 18th of February; head-quarters on the 22nd, and took over charge of the office on the 25th, as soon as the accounts for January had been despatched.

SUBMITTED to Government for information, with reference to G. O., No. 654, dated 6th March 1871.

(Signed) J. G. PALMER, Lieut.-Colonel,
Executive Engineer in charge of 3rd Division.
