*Proceedings of the Madras Government, Public Work Department,
18th April 1872.*

No. 277. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 5th April 1872, No. 37 :—

I HAVE the honour to explain with reference to paragraph 2 of G. O., No. 841, of 26th March 1872, that the Budget allotments for 1871-72 for the undermentioned works were as follow :—

	RS.
Family quarters for the Garrison Battery. Budget Item No. 2 ...	21,900
Guard-room for the Royal Horse Artillery ...	10,560
	<u>32,460</u>

2. As in G. O., No. 913, of 28th March 1871, the above allotments were reduced by Rupees 20,000, there was a sum of only Rupees 12,460 available for expenditure on the two works, of which amount setting apart Rupees 8,400, the outlay incurred during the year on the family quarters, only Rupees 4,060 remained for the Royal Artillery Guard-room ; hence the necessity for the application of additional funds (Rupees 6,500) as sanctioned in Government Orders, Nos. 343 and 546, of 5th and 29th February 1872, respectively. Including this amount Rupees 6,500 it will be seen that the allotment for the latter work stood at Rupees 10,560, and this sum could have been fully utilized on the work had it not been for the fact that the re-distribution of allotments, as sanctioned in the G. O. under reference, was found necessary to adjust excess expenditure on other works.

Enclosures.

Sir,

I have the honor to explain with reference to para 2 of G. O. No. 841 of 28 March 1872, that the Budget Allotment for 1871-72 for the undermentioned works were as follows:—

Family Quarters for the Garrison Battery—
Budget Item No. 2. Rs. 21,900.

Guard Room for the Royal Horse Artillery — Rs. 10,560.

Total. Rs. 32,460.

2. As, in G. O. No. 913 of 28 March 1871, the above allotments were reduced by Rs. 20,000. there was a sum of only Rs. 12,460. available for expenditure on the two works, of which amount, setting apart Rs. 8,400, the outlay

incurred during the year on the Family
 Quarters, only Rs 4060, remained for the Royal
 Artillery Guard Room; hence the necessity
 for the application of additional funds
 (Rs 6500) as sanctioned in Government
 orders N. 343 and 541 of 5: and 29: February
 1872 respectively. Including this amount
 Rs 6500 it will be seen that the allotment
 for the latter work stood at Rs 10560. and
 this sum could have been fully utilized
 on the work, had it not been for the
 fact that the redistribution of allotment,
 as sanctioned in the G.O. under reference,
 was found necessary to adjust expenditure
 on other works.

I have the
