*Proceedings of the Madras Government, Public Works Department,
3rd May 1872.*

No. 34. Read again letter from the Acting Superintending Engineer, 5th Division, No. 268, dated 12th, and recorded in G. O., No. 160, dated 18th March 1872 :—

Read also the following endorsement of the Acting Superintending Engineer, 5th Division, dated Cuddalore, 3rd April 1872, No. 2.

From the Executive Engineer of the Salem Range, to the Acting Superintending Engineer, 5th Division, dated Salem, 26th March 1872, No. 1,481.

In reply to your memorandum No. 555, dated 20th instant, forwarding copy of G. O., No. 160, dated 18th idem, I have the honour to inform you that arrangements have been made for expending the full amount of the reduced allotment of Rupees 3,890 for the Namkul Taluq Cutcherry.

2. A quantity of materials have been received from the Public Works Stores, which can be paid for in April, also from Messrs. Arbuthnot and Co.

SUBMITTED to Government, with reference to G. O., No. 160, of the 18th March 1872.

(Signed) J. VERTUE, Captain, R.E.,
Acting Superintending Engineer, 5th Division.

No. 35. ORDER THEREON, 3rd May 1872, No. 1,126.

CIVIL WORKS, No. 2.

IN G. O., No. 452, dated 17th February 1872, the grant of Rupees 6,000 for the Namkul Taluq Cutcherry was reduced to Rupees 3,890, as the actual outlay to 30th November 1871 had been only Rupees 613-6-2; and as nearly half the grant in the preceding year was unexpended and lost to the department there was good reason for concluding that the reduced amount would suffice in the current year. In the letter first printed above the Superintending and Executive Engineers object to the reduction of the grant, and having been called on to report the particulars of the full amount expected to be disbursed in the year that has just closed, they state that arrangements have been made for disbursing the full amount of the reduced allotment but without giving any particulars.

2. The Government are constrained to observe that Mr. Executive Engineer Lawford's letter, No. 1,383, dated 29th February 1872, endorsed by Captain Vertue, Acting Superintending Engineer, was an unnecessary reference.

(True Extract.)

Colonel, R.E.,

Officiating Secretary to Government.

To the Acting Superintending Engineer, 5th Division.

Exd. S. T. Augustin.

N^o 1487

Salem Range Office,
Salem 26th March 1872.

and lost to the Department there was good reason for concluding that the reduced amount would suffice in the current year. In the letter first printed above the Superintending and Executive Engineers object to the reduction of the grant, and having been called on to report the particulars of the full amount expected to be disbursed in the year that has just closed they state that arrangements have been made for disbursing the full amount.

amount of the reduced allotment but without giving any particulars.

Colonel Wether respectfully requests permission to have this paragraph struck out - There two Engineers Sanfords was nothing of letter No 1383 dated 29th of January 1872 endorsed by Captain Vertue, in his opinion unnecessary - Acting Supy Engineer L.H.W. was an unnecessary reference. I would let it stand. In fact I thought, as has I first passed the bulk of the April 11th - trying a string work on "unnecessary" The fit in July when the year was over it should time to the Department of consequence - Trans-Despatch 3/5/72 forwarded 2000 lbs from Namkul Catchery Selma to Madras - in that quantity the local officers there being in touch
