Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 7th May 1872.

No. 136. Read the following Endorsement of the Acting Chief Engineer for Irrigation, dated Fort St. George, 16th April 1872, No. 5:—

From the Agent and Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation, dated Madras, 21st March 1872, No. 96.

I HAVE the honour to request sanction for the appointment of a Storekeeper, at a salary of Rupees 60 per mensem, to take charge of the Stores at Adimapully.

2. In the event of the proposed transfer of these stores to Madras being sanctioned, the services of a Storekeeper will be necessary for the purpose of superintending the despatch of the articles and making a proper inventory of them.

3. On the other hand if the stores are *not* removed, it will be still more desirable that they should be placed under the charge of a responsible person, for, isolated as they are, they cannot, under existing arrangements, be considered so secure as might be desired, as I have before taken occasion to inform you.

SUBMITTED to Government.

2. The stores at Adimapully are reported to be of the aggregate value of Rupees 45,000, and it is proposed to take active steps to effect their sale either in Madras, to which place the more valuable articles are to be removed, or on the spot. It would appear that they are at present imperfectly looked after, as the Divisional Officer's head-quarters are at Dhoor, 30 miles distant, and the Divisional Storekeeper only visits them periodically. Moreover, the work of sorting and making lists of the articles for transmission to Madras would occupy the time of one man entirely for some time to come. I beg therefore to recommend that sanction be given for the employment of a Storekeeper at Adimapully for two months at a salary of Rupees 60.

3. The charge should be met from Capital, as the purpose in view is the realization of property, the proceeds of the sale of which will be credited to Capital.

(Signed) A. deC. SCOTT, Captain, R.E.,
For *Acting Chief Engineer for Irrigation.*

No. 137. ORDER THEREON, 7th May 1872, No. 1,169.

IRRIGATION, No. 5. SANCTIONED.

(True Extract.)

Colonel, R.E.,
Officiating Secretary to Government.

To the Chief Engineer for Irrigation.
,, Agent and Manager of the Madras Irrigation and Canal Company.

Exd. E. C. Shunker.

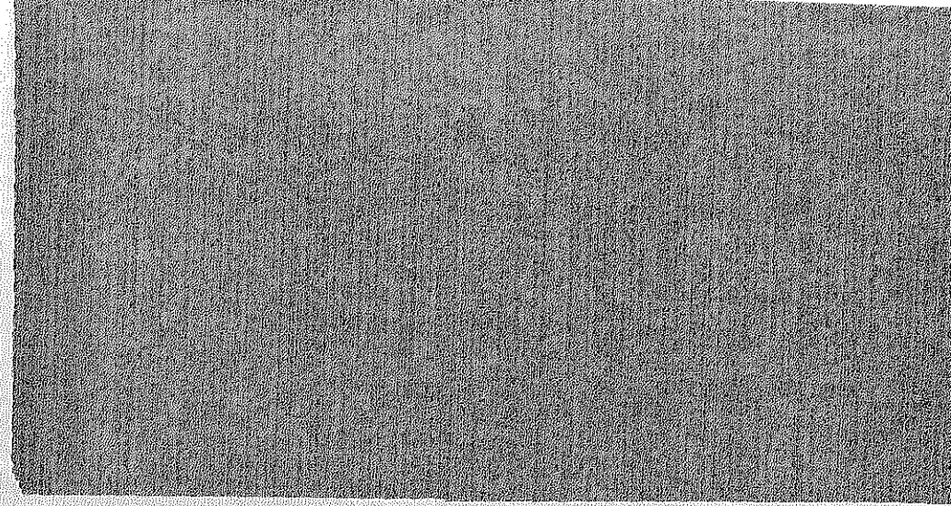

From the Revd Archdeacon Hamilton Kingsbury Rectory
Dunstable 16th October 1872.

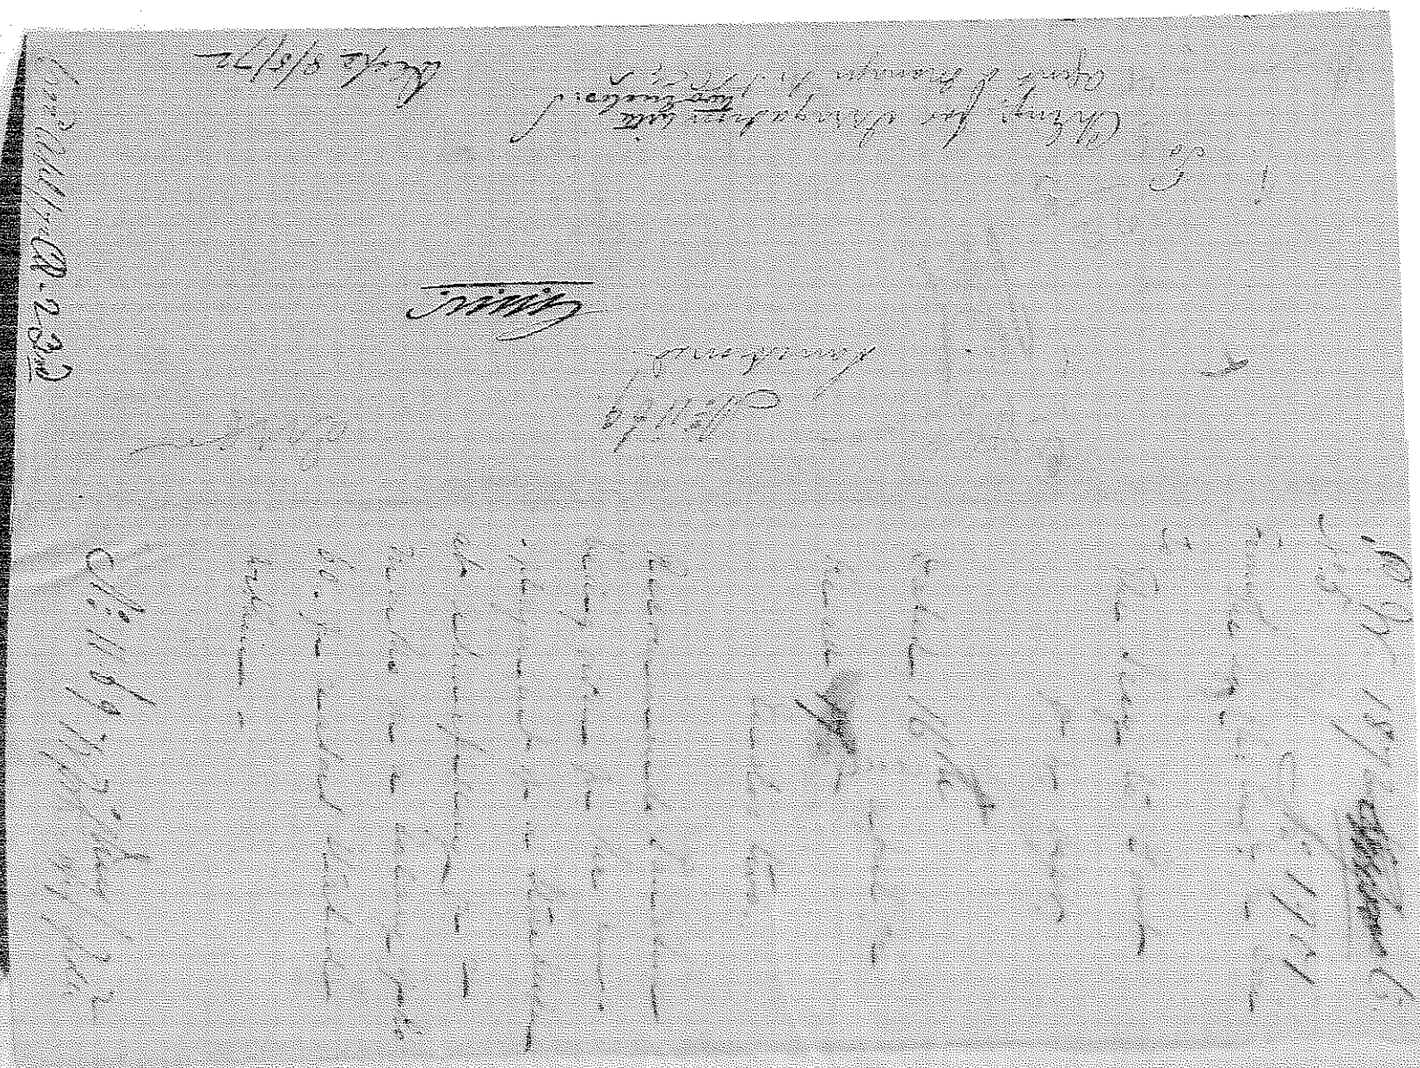

Subscriptions to Parishioners.

Subscriptions to be returned

The Revd the Archdeacon requests to be informed what specific sum per annum he is expected to give towards the Curate's Stipend. He thinks that £50 per annum should be given, as he considers that such a sum would be sufficient to induce persons to become Candidates for the Curacy, & would probably secure persons of respectability & education. He would also be glad to be informed, as he finds that applications are frequently made to him for Subscriptions to Schools, &c. in the Parish, whether he is to consider himself at liberty to subscribe to any such Schools. He would also be glad to be informed what is the usual Salary given to Schoolmasters & Schoolmistresses for Sunday Schools, as he thinks of giving £60.
