MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	1178	Press
131-152		Mis.
Dated	8-5	1871.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
8th May 1872.*

No. 151. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 19th April 1872, No. 264 :—

In forwarding herewith copy of a letter and its enclosure received from the Executive Engineer in charge No. 2 Range, Vizagapatam, asking for an additional credit of Rupees 13,000 for April 1872 for relief works, I have the honour to bring to notice that the Controller of Public Works Accounts not having issued timely instructions to the Range Officers as to the manner in which money for famine relief works should be obtained, as well as the head under which the outlay on such works should be shown in their accounts, great confusion has arisen in consequence.

2. Some Range Officers have, under instructions conveyed in G. O., No. 58, dated 9th January 1872, received advances from Collectors for famine relief works, and kept separate accounts of the outlay; others again who received advances from Collectors included the outlay in their accounts, while some have incurred outlays on relief works, partly from general funds at their disposal and partly from the advances by Collectors, and exhibited the outlay in their accounts.

3. I beg, therefore, that orders may be issued as to the manner in which expenditure is to be accounted for.

No. 152. ORDER THEREON, 8th May 1872, No. 1,178.

ACCOUNT, No. 16.

COMMUNICATED to the Controller of Public Works Accounts with reference to Proceedings No. 181, dated 17th

April 1872, with a request that he will lay down for guidance of all parties the course to be adopted by them when dealing with funds originally placed at the disposal of other departments, but which eventually are expended in whole or part by Public Works Officers and must appear in their accounts, so that the emergent outlay of such funds, which is the primary object in view, shall not be lost sight of.

(True Extract.)

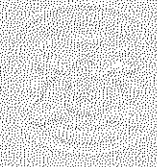

Colonel, R.E.,

Officiating Secretary to Government.

No 4

From

The Executive Engineer
Madras.

To

The Superintending Engineer
1st Division.

Sir,

I have the honor to request you will be good enough to obtain me, by telegraph, extra Credits for this month for Relief Works as follows:

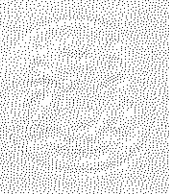

Thiruvannamalai	2000
Vellore	4500
Yellamanchali	3000
Taluk	2500

2. This has become necessary in consequence of the Controller objecting to the Special Credits granted by the Collector for these works as will be seen by the accompanying Copy of letter addressed to I. Rang.

3. The Relief Works in progress were ordered by Mr. Thornhill, the work was to go on so as to employ all the labor that offered; the Collector being kept informed to enable to obtain additional grants; which has been done.

4. The accompanying Copy of a Statement sent to

to the Collector shows the proposed expenditure for
three months.

I have the honor to
acknowledge the receipt of
your letter of the 11th inst.
and in reply to inform you
that the same has been forwarded
to the proper authorities for
their consideration.

Very respectfully,
Your obedient servant,
W. H. C. [Signature]

(How)

of

to

Office of the Controller of
Public Works Accounts
Fort St. George and Madras

Sec. Controller of
P. W. Accounts

Sec. Officer in charge of the
Golconda Range
Vizagapatnam District

In reply to your letters nos. 671
and 673, dated 16th March 1872, respectively,
I have the honor to inform you that, as it is a
standing rule of the Department that Range
Officers are placed in funds only by means of
Credit orders issued by the Accountant General
it was irregular on your part to have received
the sum of Rs 2000 or any other amount from
Mr. Cornhill. You will therefore be good
enough to refund the money to that officer.

2 The Superintending Engineer should
be applied to for the funds you may require
to prosecute the Famine Relief works under
your charge, and these will be placed at your
disposal through the regular Drawing Account.

on

ons which alone cheques should be drawn
for all expenditures incurred by Public
Works Officers.

3 It is irregular also to make use
of Departmental cheques for drawing the
amount which you state was placed in the
Treasury by Mr. Cornhill as the sums so drawn
will be charged to the Public Works Drawing
Account.

Yours &c &c

Secretary to Government D. P. W.

MADRAS

SIR

In forwarding herewith copy of a
letter and its enclosure received from the Ex-
ecutive Engineer in Charge, N. S. Range, Viz-
agapatam asking for an additional credit of
Rupees 3000 for April 1872 for relief works.
I have the honor to bring to notice that the
Controller of Public Works & Accounts not having
issued timely instructions to the Range Officers
as to the manner in which money for famine
relief works should be obtained, as well as
the Head under which the outlay on such works
should be shown in their accounts, great con-
fusion has arisen in consequence.

2. Some Range Officers have, under
instructions conveyed in G.O. No. 58 dated
9th January 1872, received advances from Collector

for famine relief works, and kept separate accounts of the outlay; others again who received advances from Collectors included the outlay in their accounts, while some, have incurred outlays on relief works, partly from General Funds at their disposal, and partly from the advances by Collectors and exhibited the outlay in their accounts.

3. They therefore that Ordress may be opened as to the manner in which expenditure is to be accounted for.
