*Proceedings of the Madras Government, Public Works Department,
11th May 1872.*

No. 194. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Coimbatore, 23rd April 1872, No. 16:—

I HAVE the honour to bring to the notice of Government that, owing to the very heavy monsoon, damages that occurred in the Coimbatore District during November last, nearly the whole of the Agricultural Repair Funds of the district have already been allotted; the incomplete works of last year alone required an allotment of Rupees 28,962 in order to finish them. I, therefore, request that should funds be available, an additional allotment of Rupees 12,000 may be made for the Coimbatore District.

No. 195. ORDER THEREON, 11th May 1872, No. 1,204.

ACCOUNT, No. 20.

THE Government are unable at present to make a further allotment for Agricultural Repairs in the Coimbatore District. If works of a really urgent nature are required and they cannot be provided for from the allotment of Rupees 48,000 already made for Agricultural Repairs, the Superintending Engineer may pass estimates for such works to the amount of Rupees 60,000 in all, and should apply for a further allotment when the Rupees 48,000 have been worked out, when provision will be made for such further sums as may actually be required by transfers from other districts.
