*Proceedings of the Madras Government, Public Works Department,
13th May 1872.*

No. 222. Read the following Endorsement of the Marine Department:—

From the Master Attendant, Administrative Department, to the Secretary to Government, Marine Department, dated Madras, 6th May 1872, No. 2,380.

With reference to my report of this day's date, I have the honour to refer to the deplorable disaster which has again befallen the Madras Pier.

2. As will be found in my report during the late gale, two country vessels were driven right through the Pier at exactly the same place as that chosen by the *St. Bernard*, namely, in the line of surf, and there is no doubt that this may happen over and over again if means be not taken to protect the Pier from the only damage it is liable to experience.

3. After consultations with Mr. Sadler, the Pier Master, we have devised a plan, which, if carried out, will, I believe render the Pier safe for the time to come, and I most respectfully recommend that a Committee be appointed by Government to take up this very important question and decide what is to be done.

4. In the meantime I earnestly request that immediate orders be issued for the repairs of the Pier; the materials are all ready. Mr. Sadler and his subordinates, who restored the greater part of the Pier carried away by the *St. Bernard*, are all ready to begin the work, and all that is required is the able co-operation of Mr. Grainger, Superintendent of Government Workshops, who took a prominent part on the last occasion, and a sufficient number of extra hands to carry on the work expeditiously.

TRANSFERRED to the Public Works Department for disposal.

(Signed) C. A. GALTON,
Acting Under-Secretary.

No. 223. ORDER THEREON, 13th May 1872, No. 1,219.

CIVIL WORKS, No. 7.

THE Honourable the Governor in Council resolves to appoint a Committee composed of Mr. Dalrymple, Master Attendant, Administrative Department, Lieutenant-Colonel Shaw-Stewart, Consulting Engineer for Railways, and to request the Agent and Manager of the Madras Railway to associate with these gentlemen Mr. Beresford Anderson, for the purpose of reporting on the best means of restoring the Madras Pier and ensuring its future safety.

2. The services of Mr. Grainger, General Superintendent of Stores, will be at the disposal of the Committee, with a view to his affording such assistance as may be required in the preparation of any estimates which the Committee may desire to submit with their report.

Sir

Fort Saint George.

With reference to my Report of this day's date I have the honour to refer to the deplorable disaster, which has again befallen the Madras Pier.

2. As will be found in my Report — during the late Gale two Country vessels were driven right through the Pier at exactly the same place as that chosen by the "Saint Bernard" Vign^t in the line of surf, and there is no doubt that this may happen over and over again if means be not taken to protect the Pier from the only damage it is liable to experience.

3.

After consultations with

Mr.

Mr. Sadler, the Pier Master, we have devised a plan, which, if carried out, will, I believe, render the Pier safe for the time to come, and I most respectfully recommend that a Committee be appointed by Government to take up this very important question, and decide what is to be done.

4. In the meantime I earnestly request that immediate orders be issued for the repairs of the Pier, — the materials are all ready — Mr. Sadler and his subordinates — who restored the greater part of the Pier, carried away by the "Saint Bernard" are all ready to begin the work, and all that is required is the able co-operation of Mr. Grainger, Superintendent of Government Workshops, who took a prominent part on the last occasion — and a sufficient number of extra hands to carry on the work expeditiously.

I have the honour to be
Sir
Your most obedient servant.
