*Proceedings of the Madras Government, Public Works Department,
13th May 1872.*

No. 224.

Read the following paper :—

No. 198.

Application from the Agent and Manager of the Madras Railway, requesting the sanction of Government to the following estimate :—

Estimate of the cost of proposed alterations to platform and permanent-way at Raichore as per plan No. 914 14,955 rs.

2. In forwarding the estimates the Agent has sent the following explanation :—

Alterations and additions to platform and permanent-way at Raichore.—“ These alterations and additions were agreed upon at a meeting held at Raichore on the 23rd February 1872, which was attended by the principal officers of the Great Indian Peninsula and the Madras Railway Companies, and by the Acting Consulting Engineer and the Deputy Consulting Engineer for Railways in the Madras Presidency, and the Deputy Consulting Engineer for Railways in the Bombay Presidency.

“ It was reported at the meeting by the Traffic Managers of both Companies that the platform accommodation at Raichore was insufficient, and the officers present being satisfied of this it was agreed that the Chief Engineer of the Madras Railway should prepare, for submission to Government, a plan and estimate for extending the platform over the ground at present occupied by the main line, the small centre platform which was commenced but not completed being removed, and the main line being laid in on the space occupied by it.

“ The plan and estimate were also to provide for putting in another line of rails in the space between the present rails, and the carriage shed left vacant for that purpose.

“ I hope that I shall receive the minutes of this meeting in a complete form very shortly, and no time will then be lost in submitting them for the approval of Government; but in the meantime I trust that the information afforded above will enable you to deal with the plan and estimate under consideration.”

3. I recommend that the estimate be submitted for the sanction of the Government of India.

4. Funds are available from Item 23 (unforeseen requirements) in Schedule B. of the Budget Estimate for 1872-73.
