*Proceedings of the Madras Government, Public Works Department,
14th May 1872.*

No. 317. Read the following letter from the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 1st May 1872, No. 194 :—

I BEG to forward an explanation regarding the building now in progress at Goodalore, which was commenced before the separation between Imperial and Provincial Funds was made. The building is intended to accommodate not only the Sub-Magistrate's Cutcherry and Subsidiary Jail, but also the Post Office, the latter being a charge properly debitable to Imperial Funds.

2. The original estimate for the whole work was Rupees 20,230, of which up to the end of March 1871 (when the separation in funds took place) the expenditure on the Post Office portion was Rupees 1,000 out of its share of the total estimate of Rupees 1,650, leaving a balance of Rupees 650 still unexpended.

3. No provision at all was made from Imperial Funds for operations in 1871-72, but as it was impossible to proceed with the rest of the building and leave this part a gap, a certain amount was necessarily paid for out of Provincial grants, which, I presume, should now be recovered.

4. A supplemental estimate was sanctioned in G. O., No. 2,794, dated 4th November 1871, amounting to Rupees 2,110, of which Rupees 195 appertained to the Post Office portion of the work; thus raising the balance of estimate to be provided for latter to Rupees 845, which sum I have the honour to request may be granted in order that the building may be completed before the monsoon.

5. There will be a slight excess of about $1\frac{1}{4}$ per cent. over estimate on whole work, but this can be met from the Provincial grant of 1872-73.

6. The accompanying statement explains exactly how the whole case stands.
