Dated 14-5 18 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
14th May 1872.

No. 359. Read the following letter from the Under Secretary to the Government of India, Public Works Department (Establishment—General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 22nd April 1872, No. 552 E.G:—

I AM directed to forward a copy of Financial Department communication No. 2,365, dated 14th March, in which the several departments of Government are called upon to prepare nominal lists of the officers employed in them respectively, who are recommended for the advantages of the new Civil Leave Rules published in the *Gazette of India* of the 16th March 1872, No. 11, other than those who were appointed by the Secretary of State, or with his approval.

2. It will be observed that the Secretary of State desires to be informed of the circumstances of each individual appointment. It is the intention of the Government of India to include in the list the names of all Civil Engineers in the Public Works Department in the 3rd grade of Assistant Engineer and all higher grades, and, in order to meet the wishes of the Secretary of State, it will consist of component lists of officers similarly entertained. Thus—

A.—Engineers taken over from Railway Companies,

B.—Engineers taken over from the Madras Irrigation Company,

C.—Engineers appointed from the Thomason College, Roorkee, and so on.

There will of course be residuum which will be included in one miscellaneous list, with the circumstances of the appointments entered in the final column.

3. Each of these lists will be prepared in this office in the enclosed form, and it is suggested, if it meets with the approval of the Government of Madras, that the lists from that Presidency should be prepared in the same form.

From the Secretary to the Government of India, Financial Department (Leave and Allowances), to the Secretary to the Government of———dated Fort William, 14th March 1872, No. 2,365.

I AM directed to invite attention to the papers published in the *Gazette of India* of 17th February 1872, regarding new leave rules for Uncovenanted Servants, and to the requisition of the Secretary of State for a nominal list of officers holding certain classes of appointments (namely, those mentioned in the list which accompanied the despatch of the Government of India, No. 4, dated 23rd March 1869), to whom it may be considered proper to extend the benefits of the new rules.

2. To such officers of those classes as have been appointed by the Secretary of State, the rules have already been declared applicable; and it now remains to prepare for submission to the Secretary of State nominal lists, as prescribed by His Grace in the concluding paragraph of his despatch No. 451, dated 6th December 1871, of officers of those classes appointed in India to whom the description in the second sentence* of the 7th paragraph of the despatch may be considered to apply. It will be observed from the despatch of the Secretary of State last quoted that no officers hereafter appointed in India can be admitted to the benefits of the new rules unless their appointment has the sanction of His Grace.

* "This benefit is also due to those Europeans who, for special reasons, may have been appointed in India to certain exceptional posts."

COPY to the other Departments of the Governments of India, with request that they will direct the preparation of the nominal lists so far as respects appointments under their orders.

Copy to Heads of Departments under the Financial Department, with request that they will submit to this department any proposals with reference to themselves or their subordinates. The

information required by the Secretary of State should be given with respect to each individual whom it is proposed to admit to the new rules.

A.—Engineers taken over from Railway Companies.

Name.	First appointment.	Date of first appointment.	Subsequent appointments.	Authority by whom appointed, etc.
