MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	1292	Press
373,374		Mis.
Dated	14 5	18 72.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
14th May 1872.*

No. 373. Read the following letter from the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 7th May 1872, No. 583 :—

On the recommendation of the late Colonel Boileau, the Government were pleased, in their Order No. 770, dated 7th March 1866, to sanction the entertainment of three additional hands in this office ; two of these were for the estimate department, and the third for the current or copying department.

1 Tabular Statement.

2. I find from the tabular statement which accompanied Colonel Boileau's letter recorded in the Order above quoted, and which is herewith forwarded for the information of Government, that the additional Assistant in the estimate-maker's department was intended to be merely a *copyist* to keep all the registers required to be maintained in the department, but apparently through a clerical error the fourth Assistant is denominated Estimate-maker (a misnomer) in the Government Order, and the Controller of Public Works Accounts properly insists therefore that the incumbent shall pass the Special Test prescribed for Draughtsmen and Estimate-makers, or be mulcted in the prescribed amount.

3. A man who has passed the General Test for the Uncovenanted Civil Service Examination, and who is a very good copyist, now holds this appointment. The Controller of Public Works Accounts passes him only 19½ Rupees. The full salary of the appointment is Rupees 25. This is done because the man has not passed the professional test.

4. I am of opinion that the misnomer was a mere clerical error, and if the Government take the same view of the matter, I beg that the necessary orders for correcting the mistake may be issued, and the present incumbent be allowed to draw the full salary of the appointment for the future, and in arrears.

5. In the tabular statement of establishment submitted to Government, the man is denominated "copyist for registering, etc., estimates."

No. 374. ORDER THEREON, 14th May 1872, No. 1,292.

ESTABLISHMENT, No. 42.

As of the two additional hands applied for and sanctioned by Government in their Orders of the 7th March 1866, No. 770, for the estimate branch of the Superintending Engineer's Office, one was required and has been employed only as a copyist, and as by his having been designated estimator in those orders, he cannot draw the full salary of the post until he passes the prescribed test, the Government authorize the designation of the appointment being altered to that of copyist ; but they cannot sanction the payment of any arrears to the present incumbent, as there is no reason why the present application should have been delayed to be made until now.
