Public works **DEPARTMENT.**

G.O. No. 1301	Press
389-390	Mis.
Dated 14. 5. 1872.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
14th May 1872.*

No. 389. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 2nd May 1872, No. 33 :—

I HAVE the honour to request that the Government will be pleased to grant at once, from the current year's Reserve under "Military," funds for the undermentioned works at Bangalore, which were not, by an oversight, included in my statement of demands from the Reserve submitted on the 19th April 1872 :—

- | | RS. |
|--|-------|
| 1. Demolition of the upper storey and the engine-house of the Bakery... | 1,970 |
| 2. Alterations to the Store in the Fort at Bangalore for converting it into a laboratory of the Magazine... .. | 1,610 |

2. For dismantling the bakery an estimate of Rupees 1,970 was sanctioned, and the amount assigned in G. O., No. 700, of 13th March 1872; but this was subsequently, in G. O., No. 851, of 26th March 1872, transferred to the School-house, European Infantry Barracks, as the bakery could not be made over by the Commissariat Department until ovens were erected in the old Infantry Barracks. I have now written to the Executive Engineer asking him when the ovens will be constructed, and whether he can now proceed with the work sanctioned.

3. For the other work Rupees 2,000 were granted in G. O., No. 527, of 26th February 1872. This sum was also transferred to the School-house, as the Executive Engineer considered that he could not put the work in hand before obtaining sanction to the estimate, *vide* his report submitted with this office endorsement No. 12 of 9th April 1872. The estimate and the report on the state of the present laboratory were submitted in my Nos. 26 and 29 of 26th and 27th April 1872 respectively.

4. It would now appear from the Proceedings of Government of 26th February, and their Order of 26th March 1872, No. 851, that the alteration to the Store in the Fort was intended to be carried out on emergency, the present laboratory being in a dangerous state, and, moreover, the Assistant Quarter Master General of the Division has lately desired that the work should be put in hand at once.

5. Under these circumstances I have, as a special case, instructed the Executive Engineer to commence at once the proposed laboratory in anticipation of sanction of the estimate and of an assignment of funds for the same.

No. 390. ORDER THEREON, 14th May 1872, No. 1,301.

ACCOUNT, No. 35.

THE proceeding of the Superintending Engineer reported in paragraph 5 of this letter is approved.

2. The grant for the first of the works referred to will be provided when the demands of Superintending Engineers for incomplete works are under review.

Proceedings of the Madras Government, Public Works Department,
14th May 1872.

The second work is included in the list of Military works proposed to be undertaken from the additional assignment of one lakh sanctioned by the Government of India.

Suptg Engrs Office 5th Div,
Cuddalore, 2nd May 1872.

From

The Superintending Engineer,
5th Division

To

The Secretary to Government,
Public Works Department,

Sir,

I have the honor to request that the Government will be pleased to grant at once, from the current year's Reserve under Military funds for the undermentioned works at Bangalore, which were not, by an oversight, included in my Statement of Demands from the Revenue, submitted on the 19th April 1872:-

1. Demolition of the Upper story and the Engine house of the Bakery Rs. 1970-0-0
2. Alterations to the Store in the Fort at Bangalore for converting it into a laboratory of the Magazine Rs. 1610-0-0
2. For dismantling the Bakery an Estimate of Rs. 1970 was sanctioned and

700 13 Inside
the amount assigned in G. O. No. 527 of 26th.

February 1872, but this was subsequently, in G. O. No. 851 of 26th March 1872, transferred to the School-house, European Infantry Barracks, as the Bakery could not be made over by the Commissariat Department until Ovens were erected in the old Infantry Barracks. I have now written to the Executive Engineer asking him when the Ovens will be constructed and whether he can now proceed with the work sanctioned.

3 For the other work Rupees 2000 were granted in G. O. No. 527 of 26th February 1872. This sum was also transferred to the School-house, as the Executive Engineer considered that he could not put the work in hand before obtaining sanction to the Estimate. Vide his report submitted with this Office Endorsement No. 12 of 9th April 1872. The Estimate and the report on the state of the present laboratory were submitted in my Nos 26 and 29 of 26th and 27th April 1872

respectively.

4 It would now appear from the Proceedings of Government of 26th February and their order of 26th March 1872, No. 851, that the alteration to the store in the Fort was intended to be carried out on emergency, the present laboratory being in a dangerous state and moreover the Assistant Quarter Master General of the Division has lately desired, that the work should be put in hand at once.

5 Under these circumstances, I have, as a special case, instructed the Executive Engineer to commence at once the proposed laboratory, in anticipation of sanction of the Estimate and of an assignment of funds for the same.

I have the honor to be
