Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
14th May 1872.*

Read the following letters :—

No. 429. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 19th April 1872, No. 267.

With reference to G. O., No. 951, dated 11th instant, communicating the sanction of the Secretary of State for India for the supply of the boilers required for the steamers plying in the Godavery river, I have the honour to request that you will be good enough to address the Home Government again with a view to the despatch of these boilers being expedited.

2. My reason for making this request is that, as the freshes will shortly be down, I am anxious to have the steamers in thorough working order, and especially as there will be a great demand for steamers during the freshes.

No. 430. From the same Officer, dated Dowlaishweram, 6th May 1872, No. 484.

With reference to your memorandum of the 29th ultimo, No. 276, I have the honour to observe that the boilers sanctioned for this district belong to the sea dredges as well as to the river steamers; the Government have sanctioned a sum of Rupees 10,000 in this year's Budget for dredging the Cocanada river bar and other improvements, and it is very important we should have the sea dredges ready for work by next December, when these operations can go on. It is of course quite impossible for the boilers for the river steamers to arrive in time for this year's freshes, but these are now working with very bad boilers quite insufficient for ordinary purposes, and I therefore urged the advisability of having all out together so that the plant might be got into good working order as soon as possible. I trust this explanation may be satisfactory, and that you will now be good enough to address the Secretary of State on the matter.

No. 431. ORDER THEREON, 14th May 1872, No. 1,323.

ACCOUNT, No. 40.

ORDERED that the Home Government be addressed on the subject of these letters.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,

Officiating Secretary to Government.

MADRAS

SIR,

With reference to G.O. No 951 dated 11th Instant, communicating the sanction of the Secretary of State for India for the supply of the boilers required for the Steamers plying in the Godavery River, I have the honor to request that you will be good enough to address the Home Government again with a view to the despatch of these boilers being expedited.

My reason for making this request is that as the freshes will shortly be down, I am anxious to have the Steamers in thorough working order, and especially as there will be a great demand for Steamers during the freshes.

I have the honor to be
