Government of Madras.

Public Works DEPARTMENT.

G.O. No.	1350	Press
482,488		Mis.
Dated	29.5.	1872.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th May 1872.*

No. 482. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 1st May 1872, No. 257:—

With reference to G. O. No. 1,189 of 28th April 1871, I have the honour to forward, for the sanction of Government, the accompanying comparative statement in connection with the permanent removal of a large patch of prickly-pear near the Native Infantry and Cavalry Lines at Bellary.

2. In the G. O., above quoted, Government were pleased to allot the sum of Rupees 2,500 for expenditure during 1871-72. This sum has been expended, and I therefore request that the whole of the balance (Rupees 7,830), or at least Rupees 5,000 of it may be allotted for this year so that the work may be continued.

3. It will be observed that the rate per square yard for cutting, grubbing, burning, or burying has been ascertained, upon data, to be one and a half annas.

4. The necessity for the work is explained in very urgent terms in the letters from the Collector and Military authorities, which are printed at the head of the Government Order under reply, and the work is in progress on the urgent request of the Medical Officers.

No. 483. ORDER THEREON, 29th May 1872, No. 1,350.

MILITARY WORKS, No. 20.

THE Government sanction the more reliable estimate of Rupees 10,330 submitted by the Superintending Engineer of the 3rd Division for the removal of the prickly-pear near the Native Infantry and Cavalry Lines at Bellary.

2. After providing for incomplete works only Rupees 2,000 are available from the Reserve under Military for the work in question, and that amount is placed at the Superintending Engineer's disposal.

3. It is observed that the full sum of Rupees 2,500, allotted in Proceedings No. 1,189, dated 28th April 1871, has been expended.

4. The land operated upon being out of Municipal and almost all out of Military limits the Collector will adopt effective measures for preventing future growth of prickly-pear on the ground now being cleared at so heavy a cost.

Sir,

With reference to G. O. No. 1189 of 28th April 1871, I have the honor to forward for the sanction of Government the accompanying Comparative Statement in connection with the permanent removal of a large patch of prickly-pear near the Native Infantry and Cavalry Lines at Bellary.

2. In the G. O. above quoted, Government were pleased to allot the sum of Rs 2500. for expenditure during 1871-72. This sum has been expended and I therefore request that the whole of the balance (Rs 7830) or at least Rs 5000/- of it may be allotted for this year so that the work may be continued.

3. It will be observed that the rate per Square
yard

yard for cutting, grubbing, burning or burying has been ascertained, upon data, to be one and half acres.

4. The necessity for the work is explained in very urgent terms in the letters from the Collector and Military authorities, which are printed at the head of the Government order under reply and the work is in progress on the urgent request of the Medical Officers.

I have the honor to be
Sir
