*Proceedings of the Madras Government, Public Works Department,
1st June 1872.*

No. 6. Read the following letter from the Officiating Deputy Secretary to the Government of India, Public Works Department, (Account—Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway Branch,) dated Fort William, 14th May 1872, No. 683 A. R. :—

I AM directed to acknowledge the receipt of your No. 1,044, dated 23rd ultimo, forwarding lists of unexpended balances of estimates which remained chargeable to the Capital Account of the Great Southern of India Railway on the 31st December last, and, with reference thereto, to observe that dates should be fixed without delay for closing each of the sanctions named in the Consulting Engineer's docket. The two relating to the carriage and waggon stock should apparently be closed, as they appear to belong to the old broad gauge line, the stock for which should not be increased at the expense of Capital, unless either an increase of traffic is expected or the existing traffic is too great for the present stock. The items "altering axle boxes" and "altering doors of covered goods open trucks" are not understood, as such should apparently be Revenue charges.

No. 7. ORDER THEREON, 1st June 1872, No. 1,368.
