*Proceedings of the Madras Government, Public Works Department,
3rd June 1872.*

No. 30. Read the following letter from the Officiating Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Cochin, 6th May 1872, No. 22:—

In submitting herewith an estimate, amounting to Rupees 2,800, for repairing groynes Nos. 5 and 6 between Vangal and Neroor on the west bank of the river Cauvery, I have the honour to report that the unappropriated balance of the current year's allotment under "Repairs" "Agricultural" in the Coimbatore District is utterly insufficient to meet the urgent demands under the above head during the remainder of the year; I therefore request that Government will be pleased to allot the amount of the enclosed estimate from funds at their disposal.

No. 31. ORDER THEREON, 3rd June 1872, No. 1,378.

CIVIL WORKS, No. 4.

THE Superintending Engineer of the 7th Division will be informed that provision for the repair of the Vangal and Neroor groynes should be made in the manner indicated in G. O., No. 1,204, dated 11th May 1872.

2. It is understood from the estimate that the new stone to be used is strictly for repair of existing groynes, not for their elongation, which would be a new work of the necessity of which the Superintending Engineer should satisfy himself before sanctioning it.
