*Proceedings of the Madras Government, Public Works Department,
7th June 1872.*

No. 75. Read the following letter from the Superintending Engineer, 8th Division, to the Officiating Secretary to Government, Public Works Department, dated Madura, 18th May 1872, No. 755 :—

I REGRET to have to report on the misconduct of Acting Taluq Overseer

1 Letter from the Madura Range Officer, No. 114, dated 14th May 1872.

1 Comparative Statement.

1 Letter from Moothoosawmy Pillay, No. 10, with five enclosures.

2 Letters from Peroomaul Naidoo, Nos. 238, and 13.

2 Statements of Evidence.

P. Peroomaul Naidoo, who has been permitted to act as Overseer on my recommendation, see G. O. of the 25th September 1871, No. 2,446.

2. The facts connected with this case, as elicited in a preliminary inquiry made by me in the presence of the Range Officer, are as follow :—

An estimate of Rupees 620, prepared by Taluq Overseer Valoyathum Pillay, for the repairs of the Police Barracks at Madura, was placed in the hands of his successor, Acting Taluq Overseer Peroomaul Naidoo, for execution.

3. In carrying out only a portion of the work Peroomaul Naidoo exceeded, and without even asking authority to do so, the amount of the estimate.

4. On this fact coming to my notice, I directed that a revised estimate should be prepared. This revised estimate amounted to Rupees 940, or about 50 per cent. in excess of the original estimate, and it was amply sufficient to enable the work contemplated being carried out efficiently.

5. In spite of this, however, Peroomaul Naidoo, before he had completed half the work, expended in executing work estimated to cost Rupees 420 no less a sum than Rupees 589, leaving work to the estimated amount of Rupees 520 to be executed for only Rupees 351.

6. Although this part of the transaction showed in itself the incompetency of Peroomaul Naidoo for the duties of Overseer, it is as nothing compared to the last act of his proceedings, namely, his attempting to make a scape-goat of Overseer Moothoosawmy Pillay, who succeeded him in the charge of the Madura Taluq, by trying to make him responsible for the above-mentioned excess, and by inserting in the comparative statement, without the knowledge of Moothoosawmy Pillay, a note to the effect that the "excess could be met from the saving of other items."

7. Peroomaul Naidoo has attempted to bolster up this untrue statement by a number of shameful falsehoods, and he has even tried to induce the Head Accountant of the Madura Range Office to give false testimony that should screen him (Peroomaul Naidoo) and thus bring Moothoosawmy Pillay into trouble.

8. Considering that Peroomaul Naidoo's proceedings in this connection almost amounted to fraud, I desired Assistant Engineer Mr. G. R. Leggatt to submit a full report of the case in order to enable me to decide what ulterior steps should be taken in the matter, and in the interim I suspended Peroomaul Naidoo from all duties.

9. Mr. Leggatt having made the investigation required has now submitted the accompanying report and its enclosures, from which it will be observed that Peroomaul Naidoo has been convicted of the most barefaced and unpardonable

falsehoods; that he has tried to make another Overseer responsible for his own laches; and that he has also endeavoured to drag in the names of Mauriappa Moodeliar, the Head Estimate-maker in my office, and others, with a view of screening himself from punishment.

10. I quite agree with Mr. Leggatt in his opinion that a man who has been guilty of such conduct as has been proved against Peroomaul Naidoo, must undoubtedly be a most dangerous individual to retain in the service in any capacity. For what confidence can be placed in an employé who has deliberately falsified an official document, and uttered a number of shameful falsehoods to extricate himself and implicate another.

11. Under the above circumstances, and considering it inexpedient, in the interests of Government, to retain Peroomaul Naidoo any longer, I have dismissed him from the public service; and I trust that the Government will approve of my proceedings in this respect.

12. I am sorry to have to report that the conviction at which I have arrived in regard to Peroomaul Naidoo is that he is a man who ordinarily would rather lie than not. But for this I would have willingly allowed him to revert to his substantive appointment as Clerk and Examiner in this Office, but after what has occurred, and the glib manner in which he gives out statements devoid of all vestige of truth, it is impossible to place any confidence in him, nor do I think it would be fair to allow so unscrupulous man to be connected with a range. I see no alternative, therefore, but to dismiss him the service, and I have accordingly done so.

No. 76. ORDER THEREON, 7th June 1872, No. 1,401.

ESTABLISHMENT, No. 7.

THE Government regret that P. Peroomaul Naidoo, who was appointed Taluq Overseer on probation for one year in G. O., No. 2,440 of 25th September, on the recommendation of the Superintending Engineer of the 8th Division, has after so short a time been found not only thoroughly incompetent for that position, but unworthy on account of his falsification of an official document and many false statements in connection with it, of future employment as clerk in the Department Public Works, and order his dismissal from the public service from date of his suspension which should be reported.

Sir,
I regret to have to report on the misconduct of Acting Taluq Overseer P. Peroomaul Naidoo, who has been permitted to act as Overseer on my recommendation, See C.O. of the 25th September 1871. N^o 2446.

2. The facts connected with this case, as elicited in a preliminary enquiry made by me, in the presence of the Range

Range Officer are as follow:—

An Estimate of Rs 620, prepared by Talook Overseer Valayuthum Pillay, for the repairs of the Police Barracks at Madurai, was placed in the hands of his successor, Acting Talook Overseer Peroomaib Naidoo, for execution. —

3. In carrying out only a portion of the work Peroomaib Naidoo exceeded, and without even asking authority to do so, the amount of the Estimate. —

4. On this fact coming to my notice, I directed that a revised Estimate should be prepared. This revised Estimate amounted to Rupees 940, or about 50 per Cent in excess of the original Estimate, and

and it was amply sufficient to enable the work contemplated being carried out efficiently. —

5. In spite of this, however, Peroomaib Naidoo, before he had completed half the work expended in executing work estimated to cost Rupees 620, no less a sum than Rupees 589, leaving work to the Estimated amount of Rupees 520 to be executed for only Rs 351. —

6. Although this part of the transaction shewed in itself the incompetency of Peroomaib Naidoo for the duties of Overseer, it is as nothing compared to the last act of his proceedings, viz. his attempting to make a scape-goat of
Overseer

Overseer Moothosawmy Pillay, who succeeded him in the Charges of the Madura Talook by trying to make him responsible for the abovementioned excess, and by inserting in the Comparative Statement, without the knowledge of Moothosawmy Pillay, a note to the effect that the "excess could be met from the saving of other items." —

7. Peroomaib Naidoo has attempted to bolster up this untrue Statement by a number of shameful falsehoods, and he has even tried to induce the Head Accountant of the Madura Range Office, to give false testimony that should screen him (Peroomaib Naidoo) and thus bring Moothosawmy Pillay into

into trouble. — 7

8. Considering that Peroomaib Naidoo's proceedings in this Connection almost amounted to fraud, I desired Assistant Engineer Mr. R. P. Leggat to submit a full report of the Case, in order to enable me to decide what ulterior steps should be taken in the matter, and in the interim I suspended Peroomaib Naidoo from all duties. —

9. Mr. Leggat having made the investigation required, has now submitted the accompanying report and its Enclosures, from which it will be observed that Peroomaib Naidoo has been convicted of the most barefaced and.

and unpardonable falsehoods, that he
has tried to make another Overseer
responsible for his own laches and
that he has also endeavored to drag
in the names of Mauriappa Moodelliar,
the Head Estimator in my
Office, and others, with a view of
screening himself from punishment.

10. I quite agree with Mr.
Leggatt in his opinion that a man,
who has been guilty of such Conduct,
as has been proved against Peroomaib
Naidoo, must undoubtedly be a most
dangerous individual to retain in the
Service in any Capacity. For what
Confidence can be placed in an employee
who

who has deliberately falsified an
Official document, and uttered a
number of shameful falsehoods to
extricate himself and implicate another?

11. Under the above Circumstances,
and Considering it inexpedient, in the
interests of Government, to retain
Peroomaib Naidoo any longer, I
have dismissed him from the public
Service; and I trust that the
Government will approve of my
proceedings, in this respect.

12. I am sorry to have to report
that the Conviction at which I have
arrived in regard to Peroomaib Naidoo
is, that he is a man who ordinarily
would rather lie than not. But for this

I would have willingly allowed him
to revert to his substantive appointment
as Clerk and Examiner in this
Office, but after what has occurred,
and the glib manner in which he
gives out statements devoid of all
vestige of truth, it is impossible to
place any confidence in him, nor
do I think it would be fair to allow
so unscrupulous man to be connected
with a Range. - I see no alternative
therefore but to dismiss him from
service and I have accordingly done
so. -

I have the honor to be

Yours Most Obedient Servant
